FIFTY-SIXTH YEAR No. 4

LINCOLN, NEB., SATURDAY MORNING, OCTOBER 5, 1957

FIVE CENTS

—Mankind Enters The Space Age— SOVIET 'MOON' CIRCLING EARTH

—Governors, High Officials Agree—

Shift Of Federal Programs OK'd

States Would Take Over Three Jobs, Get 40% Of National Telephone Tax

CHICAGO (AP) — A committee of governors and federal government representatives Friday approved proposals under which states would take over three federally-aided programs and receive an additional 150 million dollars a year in tax money.

Vic Cites 'Progress'

... At Joint Meeting

Gov. Victor Anderson returned to Lincoln late Friday afternoon from the Chicago meeting of the Joint Federal-State Action Committee with the comment that the group was "making progress" in its efforts to transfer some services from the federal government to the states.

"There is a real effort on the part of federal representatives to give back some of the programs to the states," Anderson said, "and they seem to be willing to give back as much or more of the funds they now spend on the projects."

The governor commented that the federal government is "trying to be real liberal and let us run our own programs."

In addition to the proposed return to the states of 40 per cent of the excise taxes on local telephone calls, and studies being conducted on the return of other excise taxes, and gift and inheritance taxes, the governor said a study has been ordered on the federal cigarette tax.

"The federal government collects eight cents per package in federal taxes," Anderson said, "and the proposal to be studied calls for cutting the federal share to seven cents, turning the other cent over to the states."

Gov. Anderson said the group also has taken under consideration "emerging problems." This involves eight fields where people are beginning to go to the federal government for help, and an effort will be made to keep the problems on the state level.

The items being studied are:

higher education, metropolitan problems, urban renewal, mental health, water use and conservation, atomic energy, migratory farm labor and problems of aging population.

Mollet To Try Forming New Government

PARIS (AP)—Socialist Guy Mollet, who set a postwar record by holding the premier's office for 15 months, was virtually drafted by President Rene Coty Friday to try to form a new government.

He said neither yes or no when asked to be premier, but promised the president to see what support he could rally. He will not give a definite answer until Sunday.

He told reporters he did not think it would be possible to form a cabinet. He said he had finally agreed to try only on the president's insistence.

Coty took action on the fourth day of the crises, which broke Monday when Premier Maurice Bourges-Maunoury was defeated on his Algeria home rule bill.

France has had 23 governments since World War II.

Anzus Nations Talk Defense

WASHINGTON (AP) — Secretary of State Dulles, the foreign ministers of Australia and New Zealand and their top military advisers talked for 4½ hours Friday on common defense problems in the Pacific and Far East.

Richard G. Casey, Australia's minister for external affairs, told newsmen that as a result of the session "we are better prepared to meet the future than we were this morning."

The session was the fifth Council of Ministers meeting of the Anzus Pact which links the three countries in a co-ordinated defense in the Pacific.

The Joint Federal-State Action Committee recommended that 40 per cent of the federal tax collected on local telephone calls be credited to individual states for a five-year period.

At the end of the period, the federal tax would be cut to 60 per cent of the present rate.

A 40 per cent credit would produce 150 million dollars annually.

These funds would be used by the states to maintain locally natural disaster relief programs, vocational education and municipal waste treatment construction grants.

Now Cost \$105 Million
The committee said the outlay for these programs currently is 105 million dollars.

Actions of the committee were spelled out by Secretary of the Treasury Anderson, Committee chairman Gov. Lane Swinell of New Hampshire and Illinois Gov. William G. Stratton, chairman of the Governors Conference and ex-officio member of the joint committee.

The committee was formed after President Eisenhower told the Governors Conference last June that in several areas, states could take over federal activities. The government in turn would relinquish taxes financing those programs.

The joint committee also mentioned two other federal taxes which conceivably could be changed or erased.

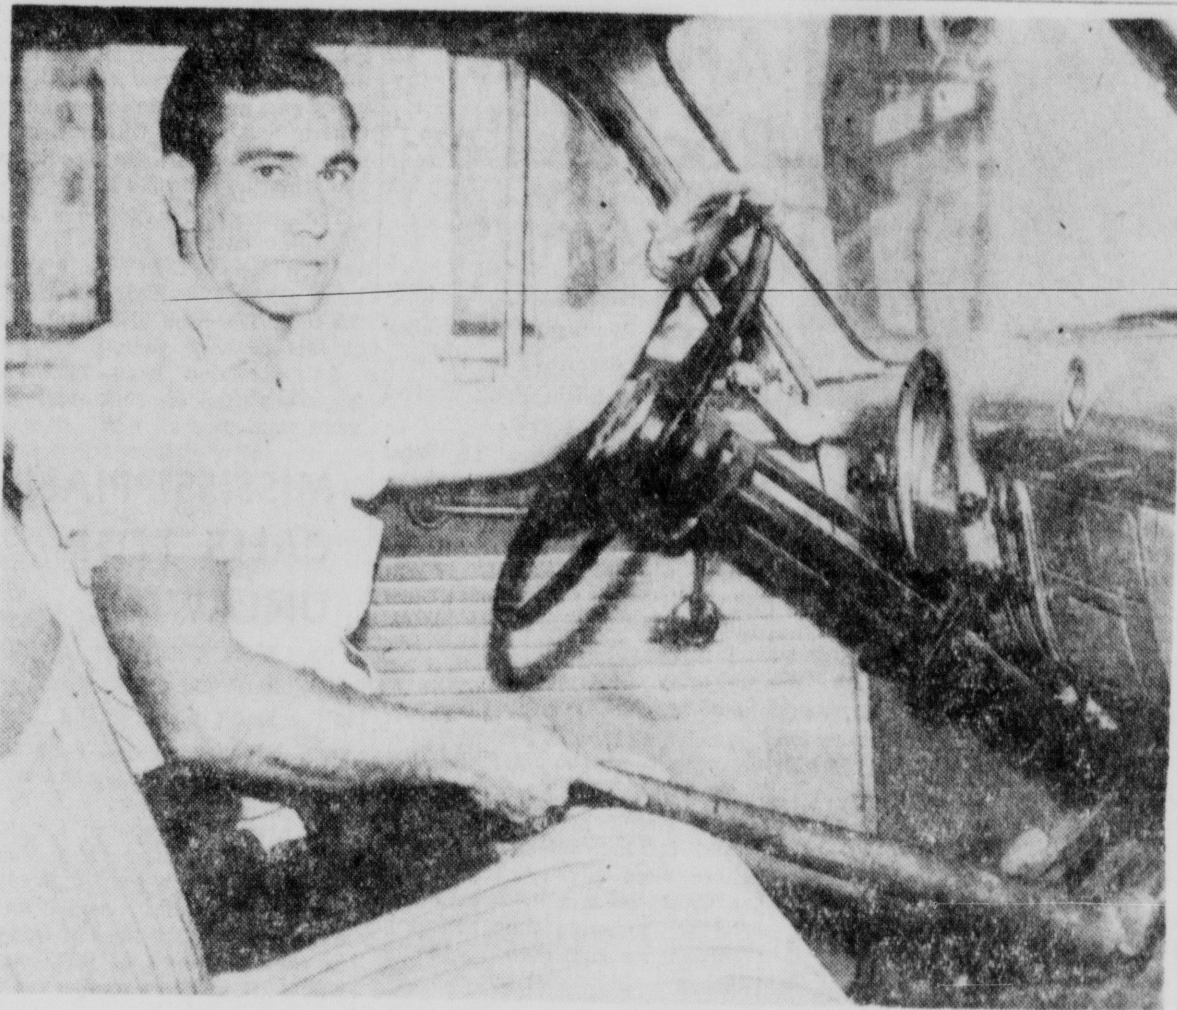

Secretary Anderson said the Treasury has agreed to consider relinquishing miscellaneous excise taxes which produce 167 million dollars annually. These are taxes on such things as admissions, safe deposit boxes and cabarets.

To Study Estate Taxes
A special committee is to make a study of possible changes in estate taxes, which produce 1½ billion dollars annually. The federal government now takes 90 per cent.

Asked if such changes would result in a direct tax saving for the man on the street, Stratton replied there would be the "obvious" administrative saving that "would occur when these programs are handled on the local level."

The Joint Committee reached "no final conclusion" on the federal-aided school lunch and milk program.

Rejected was the proposal to put old-age aid on a 50-50 state-federal basis. Now the government pays 80 per cent of the first \$30 and 50 per cent of the second \$30.

LEGLESS MAN BARRED FROM DRIVING

Melvin Howell, 26, legless father of four children, who was cited last May for failure to have a driver's license after his machine was in an accident, was barred by a Cincinnati, Ohio, judge

from driving for at least six months. Howell, who lost both legs just below the hips in a 1952 accident, demonstrates how he had been operating the gas and brake pedals with a baseball bat. (AP Wire-photo)

Car-Grader Crash Kills 1

ELKHORN, Neb.—Louis R. Davis, 53, of Waterloo, Neb., was killed in a traffic accident at the junction of State Highways 64 and 31 near Elkhorn at 3:45 Friday afternoon.

The mishap occurred when the car Davis was driving was in collision with a state-owned road grader driven by Larry J. McArdle, 51, of Elkhorn.

According to the Safety Patrol, the Davis car was west-bound on highway 31 and the road grader was south-bound on highway 64 at the time of the crash.

This brought the state's traffic fatality number to 214 compared to 232 at this time last year.

Man Hit By Train Dies

FALLS CITY, Neb. (AP)—Ivan McKelvey, 66, of Falls City, died late Friday of injuries suffered when he was struck by a Burlington freight train on a trestle near Preston.

McKelvey, a retired railroad conductor and hard of hearing, was going fishing. He was walking across a trestle over the Nemaha River when he was hit by the westbound train.

McKelvey fell about 20 feet to the river bank.

Fire Rating Raise 'Will Take Money'

Martin Reports Improvement Will Have To Be Substantial
By VIRGIL FALLOON
Star Staff Writer

Mayor Bennett S. Martin, spearheading efforts to regain Lincoln's Class 4 fire rating, said Friday that the city would "have to spend money" to get the job done.

Some fire protection improvements can be made with existing funds, but others will require additional money, according to the mayor.

One additional-cost item would be a new fire station for south Lincoln, probably located on Van Dorn between 17th and 20th. Estimated cost was given as \$100,000-\$125,000 for building and equipment.

Martin said the new station would be recommended to the City Council in the presentation Monday of the city's fire protection needs.

The regular Monday morning session of council members and city directors has been scheduled earlier than usual.

A revised report with recommendations, discussed by Martin with key personnel Friday afternoon, is being readied over the weekend for Monday morning presentation.

Jan. 1 Deadline
Following an Omaha meeting Thursday of city officials and representatives of the Nebraska In-

spection Bureau and National Board of Fire Underwriters, Lincoln was given until Jan. 1 to "up date and make definite improvements" in its fire protection program.

"While we got additional time," Martin said, "my impression is that the fire group won't be satisfied with borderline improvements, but the city must get safely within a Class 4 rating."

Lincoln received 2,145 deficiency points in the September inspection report — or 145 more than the maximum for a Class 4 rating. Class 4 rating is between 1,501 and 2,000 deficiency points, which would require removal of an additional 250 points to land squarely within the range.

Might Not Regain Rating
It's too broad a statement to say that Lincoln can regain its

(Continued on Page 2, Col. 2)

Star Carrier's Earnings Finance Ham Radio Outfit

A young ham radio operator—13-year-old Victor Merryman of 201 No. Kingsley — has utilized his earnings as a morning Lincoln Star carrier to buy equipment for his favorite hobby — electronics.

The son of M. Sgt. and Mrs. Victor C. Merryman, and a student at Whittier Junior High School, Victor has not only built his own ham radio set, but has built so many for other people he "can't count them."

Victor, who spends some time nearly every day working with his hobby, is a member of the Mars Club, a local group which studies code and theory of ham radio operation. He has an operator's license now, and is expecting to receive his call letters soon.

Clothing, Bicycle
Money Victor has earned from Lincoln Star Route 786 — which covers a part of the new Air Force Base housing area — has also helped him to purchase some of his "good" clothes and parts for his bicycle.

On his route, which he has carried since November, 1956, Victor has proved himself to be an efficient and aggressive businessman. When he first took the route, circulation was only about 20. He built the circulation to nearly 70 before the route was divided and part of it taken over by another boy. He now has 48 subscribers on his present route.

Victor enjoys his delivery work.

It has taught him to handle his finances wisely—he has a checking account—and has helped him to make a number of new friends.

Afternoons Free
A swimming enthusiast, Victor is

especially grateful for his morning route during the summer when he likes to spend his leisure afternoon hours swimming.

Victor also plays football and baseball at school and attends

Protestant church and Sunday school services at the Lincoln Air Force Base chapel.

On Saturday — National Newspaperboy Day — 13 boys who have been named outstanding carriers for each of Nebraska's daily newspapers will be honored in Lincoln.

The boys will be luncheon guests of Governor Victor Anderson at the Capitol, the Statehouse and will spend the rest of the day touring Lincoln.

Statehouse Ceremony
At a Statehouse ceremony, Max Pennington, exalted ruler of the Lincoln Elks, will present a \$25 savings bond to Wayne Howlett of Dorchester, the outstanding Lincoln Star carrier, and another \$25 savings bond to Ronald Hansen of Palmyra, outstanding Lincoln Journal carrier.

The carriers busy day's activities will begin at 9:30 a.m., with a free movie at the Varsity Theater. All newspaper carriers are invited to attend the movie.

Then at 11:30 a.m., the outstanding carriers will go to the Statehouse to meet Governor Anderson, pose with him for pictures, and lunch with him on one of the hearing rooms.

In the afternoon, the boys will tour Morrill Hall at 1:30, and at 2:50 they will be escorted on a tour of the State Penitentiary.

Today's Chuckle
A practical nurse: One who falls in love with a rich patient.

Seis Ham Radio Equipment

Vic Merryman, 13, sets the equipment for monitoring with his ham radio set. An eighth grade student at Whittier Junior

High School, Vic has his own electronics workshop and has built many ham radio receivers for himself and friends. (Star Photo)

Amazed U.S. Hears Signals As Satellite Spins Over Nation

1½ HOURS AROUND WORLD

MOSCOW (Saturday) (AP) — The Soviet Union announced it has the world's first artificial moon streaking around the globe 560 miles out in space.

A multiple-stage rocket launched the earth satellite Friday the Russians said, shooting it upward at about five miles per second.

They said the satellite, a globe 23 inches in diameter and weighing 185 pounds, can be seen in its orbit with glasses and followed by radio instruments it carries.

Because of its estimated 18,000 m.p.h. speed and tremendous altitude, Dr. J. Allen Hynek, associate director of the Smithsonian Astrophysical Observatory, said the artificial moon could remain in its orbit for 20 years.

The Observatory is the focal point of American efforts to track the tiny wanderer in space.

NBC Hears Signal
(Radio signals on the wavelength of the Soviet moon — sounding as a deep "beep, beep, beep" — were picked up by electronic engineers of the National Broadcasting Co., in New York and the British Broadcasting Corp., in London.)

In thus announcing the launching of the first earth satellite ever put in globe-girdling orbit under man's controls, the Soviet Union claimed a victory over the United States.

The two big powers had been in a hot but mainly secret race to be first to probe the high space realms with spheres laden with instruments.

In a special bulletin early Saturday morning, the Soviet news agency said the Russian moon "is now revolving around the earth at the rate of one circuit every hour and 35 minutes."

The launching occurred just three months and four days after the opening of the International Geophysical Year.

Dr. Joseph Kaplan, chairman of the U.S. National Committee for IGY, said:

Scientist 'Amazed'
"I am amazed that in the short time which they had to plan—obviously not any longer than we had—I think it was a remarkable achievement on their part."

"From the point of view of international cooperation the important thing is that a satellite has been launched. They did it and did it first."

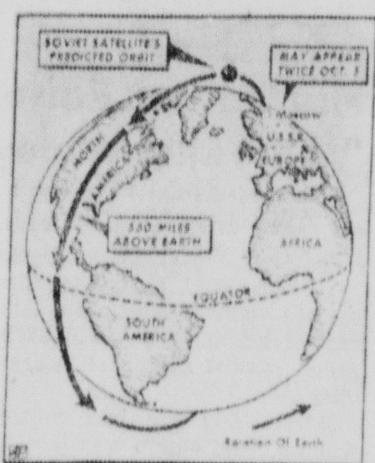

Noting reports that the satellite was 23 inches across and weighed about 185 pounds, Kaplan said: "This is really fantastic and that if they can launch that they can launch heavier ones."

Moscow reported the satellite can be seen with the simplest kind of telescope glasses. Its velocity was given at something like five miles per second at a height of about 560 miles above the earth.

The broadcast said the Russians plan to launch several more earth satellites in the next year. It declared the developments will open a way for travel to the planets.

Bigger Than U.S. Model
Moscow said the satellite is fitted with steel radio transmitters continuously sending signals earthward on the 15 and 7.5 meter wavelengths and easily received by a broad range of amateur sets. Its announced weight of about 185 pounds is more than 8 times the weight of a projected U.S. earth satellite.

Moscow described the signals as of about 3-10 of a second long with a pause of the same length. The two frequencies alternate in signaling, Moscow radio said.

SATELLITE'S PATH

twice Saturday morning. It did not give other sighting points on the course.

The broadcast said Soviet satellites planned later will be bigger and heavier than the first sphere.

The U.S. experts figured the first U.S. launching attempt would be made early next spring after an attempt to put some 6.4 inch 4-

pound objects into the earth's orbit for a short time in November.

Russia had been silent on the progress of its experiments since last June 19 when a news conference in Moscow was told Russian scientists planned to launch one or more satellites during the IGY that began July 1.

U.S. Congratulates Reds

U.S. spokesmen said last May the United States did not plan a secret launching and hoped the Russians didn't either. But U.S. officials were quick to congratulate the Russians on the announced feat.

The Moscow broadcasts said Soviet scientific stations were still trying to determine the flying sphere's exact trajectory. It said that because the density of the rarefied upper layers is not accurately known there are no data to determine the points of the satellite's entry into the denser strata.

The broadcast added, however, that its tremendous velocity will cause the satellite to burn up on reaching the denser layers.

Hoarse 'Beep, Beep, Beep' Told U.S. It Was True

From Press Dispatches

Doubts that the Soviets actually launched an earth satellite melted quickly Friday night as radio operators throughout America reported receiving the hoarse "beep, beep, beep" of the man-made moon.

On the heels of these reports came word that "Moonwatch" stations, set up to observe the U.S. satellite when launched, had actually sighted the hurtling Russian sphere as it rocketed over the U.S.

First radio report came from the powerful RCA equipment in New York. Technicians there recorded the sound. To some it was like a "hoarse cricket." Then ham operators, by ones and twos, and then dozens, heard the signals on 20 and 40 megacycles.

In Washington, the Defense Department said the Naval Research Laboratory had recorded by radio three passes of the "baby moon" over the U.S. The satellite, which takes 1 hour and 35 minutes to circle the globe, does not cross the U.S. on every pass.

The satellite circles the earth from pole to pole while the earth turns from west to east. (More details on the satellite's course on Page 5.)

A Terre Haute, Ind., moonwatch team apparently were the first Americans to sight Russia's earth satellite Friday night.

The National Broadcasting Co. interrupted its regularly scheduled television and radio programs to air the tape recorded sound of the satellite.

The Smithsonian Observatory said other sightings came from scattered parts of the country. Scientists across the United States also reported picking up the sound of the satellite.

Meanwhile experts began to speculate on the whys and wherefores of the Russian achievement.

The Russians apparently hope the radio transmitter will be kept going for three weeks, said William T. Blackband of the British IGY delegation. In that case amateurs anywhere in the world should have no difficulty in picking up a radio signal if they know when to listen, he said.

"Only when the orbit is known, would anyone know exactly where and when to look in order to see it," he said.

"By another 24 hours the Russians might be able to tell us more about what is going to happen to this first explorer in space."

John Kruse III

John W. Kruse, business manager of the city water and light department, was reported in fair condition by his doctor Friday. Kruse has been at St. Elizabeth Hospital since Monday.

The Weather

NEBRASKA: Partly cloudy Saturday and Sunday. Cooler in western portion Saturday night. A little warmer in the northwestern portion Sunday. High Saturday in the 80s west to 85 in the east.

KANSAS: Partly cloudy Saturday and Sunday with widely scattered thunderstorms likely in the extreme south-central portion Saturday afternoon and night. Cooler west Saturday otherwise no change in temperatures. High Saturday in 70s west to 80 in the east.

Triumphant Hoffa Promises 'Model Union'

MIAMI BEACH, Fla. (AP)—Stubby, square-jawed Jimmy Hoffa Friday took over full control as president of the giant Teamsters Union and pledged to turn the organization into a "model of trade unionism."

The 44-year-old target of labor scandal charges was elected by a margin of nearly 3 to 1 over the combined vote of two opponents.

In the final count, 1,206 cheering delegates voted for Hoffa, 313 for William A. Lee and 140 for Thomas J. Haggerty.

Lee and Haggerty, both from Chicago, had campaigned for a cleanup of the corruption condi-

tions charged to the union.

Charges Ignored

The delegates thus chose to ignore the charges against Hoffa, retiring union president Dave Beck and other Teamsters bosses accused of helping themselves to vast sums from the union's rich treasury and abusing union powers.

Hoffa, denying the charges as a smear, said he and the Teamsters "have just come through the most vicious attack any group of workers has ever experienced."

"Never in history has so much outside effort been exerted on the

internal affairs of a free organization."

Trouble Not Over

But troubles for Hoffa and his huge union are far from over. It faces an almost certain ouster from the AFL-CIO, a renewed probe by the Senate Rackets Investigating Committee headed by Sen. McClellan (D-Ark) and even a court attempt to throw Hoffa out of his newly won union office.

Sen. McClellan said in Washington Hoffa's election was "an arrogant defiance of the AFL-CIO," the federation having judged Hoffa corrupt and unfit to remain in organized labor.

Secretary of Labor Mitchell in Chicago said Hoffa's election would almost certainly lead to "repressive" labor legislation in Congress.

In Washington a spokesman at AFL-CIO headquarters said AFL-CIO President George Meany would have no comment on Hoffa's election. Asked what its outcome would be in terms of AFL-CIO action, he said he could only cite the federation's record, not predict.

The first showdown on the ouster move is expected in three weeks when the AFL-CIO executive council meets to determine whether the Teamsters have rid their ranks of

alleged corrupt elements.

Hoffa, in a fighting acceptance speech, said the Teamsters want to remain in the AFL-CIO. He invited the federation to rescind its corruption findings against the Teamsters.

Calling on his political opponents at the convention to close ranks in the union, Hoffa said among all the charges against the Teamsters nobody ever had accused it of failing to organize and win labor contracts unmatched by other unions.

Nebraska Locals Solidly Support Hoffa, casting their ballots this way:

Local 204 of Omaha, 1 vote; Local 554 of Nebraska, 3 votes; Local 603 of Lincoln, 1 vote; Local 659 of Omaha, 1 vote; Local 762 of Omaha, 1 vote; Local 784 of Grand Island, 1 vote, all for Hoffa.

3 Die In Washington Rockslide ... Near Seattle

SEATTLE (AP)—A huge section of mountainside gave way Friday afternoon and poured thousands of yards of rock and gravel over U.S. Highway 10, main roadway across the Cascade mountains east of here.

Three persons were killed and two or more were injured, the state patrol reported. None was identified immediately.

Only fragmentary reports could be obtained concerning the accident. Main telephone lines were swept away as the rock and dirt tumbled without warning across the road along a 400-foot front.

Workers Buried

Two men, believed to be State Highway Department maintenance workers, were buried beneath the mass and a construction company worker was swept with his truck over a bank into Lake Keechelus, which borders the road.

The scene of the slide was about 60 miles east of Seattle on the eastern slope of the Cascade mountains at an elevation of about 2,200 feet. The area is free of snow at this time of year.

An estimated from 150,000 to 200,000 yards of rock and dirt gave way.

JUDGE SPENCER SETS COUNTY RECORD, HEARS 63 CASES

A record of 63 cases were heard Friday by Lancaster District Judge Harry A. Spencer.

Judge Spencer said he is sure this is an all-time county record for one day. Most of the cases, he said, were arraignments of traffic cases appealed from Municipal Court.

As many as possible of these will be tried at the two-week term starting Oct. 14.

Four traffic cases which had been appealed were disposed of when the defendants involved pleaded guilty or no contest.

Jesse James Welch, 38, of 1639 So. 3rd, pleaded guilty to drunken driving and was fined \$100 and his driver's license was suspended six months. Robert Bruce McKee, 56, of 2000 So. 26th, pleaded guilty to second offense drunken driving, was fined \$300, sentenced to 30 days in jail and his driving privileges suspended one year. He had pleaded innocent to third offense drunken driving, but the charge was amended to second offense.

Otis Giebe of Rt. 1, Crete, pleaded no contest (no contest) to a charge of careless driving, was found guilty and fined \$25. Carl F. Rutt of 3120 Dudley pleaded guilty to speeding and was fined \$50.

Ex-Lincolnite Sworn In As GSA Official

WASHINGTON (AP)—Harold F. Holtz of Lincoln, was sworn in Friday as commissioner of the defense materials service of the General Services Administration. He succeeds Elmer H. Weaver, who resigned because of ill health.

Holtz, a Nebraska native, owned and managed a construction firm in Lincoln from 1929 to 1947. From November 1953 until a few months ago he was with the Department of Defense, having served in various engineering posts in this country and in Europe.

A spokesman said Holtz will be paid \$16,000 annually. The spokesman said that is the same pay Holtz got before his retirement recently from a position on the Defense Department's NATO staff in Paris.

Holtz was born at Wayne, and is a University of Nebraska graduate.

In Lincoln, Holtz served as secretary of the University of Nebraska Alumni association, and was formerly president of the highway-heavy section of the Nebraska Chapter of Associated General Contractors. He also served as director of the Lincoln Chamber of Commerce.

Holtz

Former Lincolnite Frank Dice Dies

SAN FRANCISCO (AP)—Funeral services will be held at Millbrae, Calif., Monday for Frank C. Dice, 53, former resident of Lincoln and Omahan, who died at Millbrae.

Mr. Dice, manager of grocery buying for the entire Safeway chain at his death, had lived in Lincoln in 1936 and in Omaha in 1939. He was then with the Safeway chain.

Survivors include his wife, Sally, and son, Frankie Bill.

U.S. Flu Takes Big Leap Up ... Weekly Report

WASHINGTON (AP)—Another sharp rise in the number of Asian flu cases around the country was reported by the Public Health Service Friday in its weekly summary.

The service estimated there was a jump of 200,000 new cases last week, bringing the cumulative total since early June to 422,650. The previous week's summary listed an increase of 100,000 cases and the week before that, 50,000.

ET TU, FLU

DETROIT (AP)—Dr. I. W. McLean of Detroit, an authority on Asian flu, was unable to take part in a symposium on the disease Sunday because he has the flu.

tal since early June to 422,650. The previous week's summary listed an increase of 100,000 cases and the week before that, 50,000.

Doubles Each Week

Thus the number has doubled itself in each of the last three weeks.

The latest summary released Friday covers only the week ended Sept. 28, however, and does not include more recent outbreaks in New York City, where more than 200,000 persons are suspected to have the disease.

The Service noted that a large number of outbreaks were reported in schools, based principally on absenteeism rates. School attendance in New York City, for example, was down about 20 per cent. Teacher absenteeism there was an abnormal 7 per cent.

A Health Service spokesman said 18 deaths have been reported in the continental United States in connection with the flu outbreak. This is an increase of two over last week. In addition, 13 deaths have been reported in Puerto Rico, seven in Hawaii and two in Alaska.

He said the disease probably has reached epidemic proportions in Alabama, Illinois, Michigan and Oregon, and possibly in California.

Thirty Years Service

W. W. Putney, president of Midwest Life Insurance Co., receives a gift from his associates at a Friday night surprise party

celebrating his 30 years as head of the company. Pictured are left to right, T. A. Sick, president of Security Mutual Life Insurance Co., Putney, V. L.

Fire Rating Raise 'Will Take Money'

(Continued from Page One.)

old rating within existing budgets, the mayor said.

"If we spend money to regain the old rating," Martin said, "the cost of improvements will be balanced against additional insurance costs."

Martin said the best information he could obtain was that Lincoln pay fire insurance premiums of \$1.5 to \$1.8 million annually.

Based on rough calculations that the average homeowner would pay \$6 more a year under Class 3 rating, Martin said the additional premium costs could range from \$150,000 to \$180,000 annually.

"That's only for the home owners and doesn't include downtown property," he added.

Martin noted that fire rating computation does not take into consideration fire loss ratio. He noted that the city's average over the past 10 years was \$200,000, but last year's loss of \$90,000 hit a low.

The inspection report is based on the city's fire protection program against future contingencies and fire losses, he explained.

In connection with the new fire station, the mayor noted that 1,000 homes in south Lincoln are too far from a fire station according to the inspection report.

Some of the immediate improvements that can be made, Martin said, include:

1. An underground power line to the Ashland pumping station to supplement the above-ground line.
2. A third direct fire-call line to the fire headquarters.
3. Installation of call alarms or fire phones in the downtown area.
4. Revision of city ordinances to conform with the code of the National Board of Fire Underwriters, particularly as to hazardous materials and occupancy. City Atty. Jack Pace is studying existing ordinances for needed changes.
5. An additional man for each fire company.

Another major item, for which Lincoln would pick up a chunk of points, would be early completion of its water improvement program.

Martin said \$750,000-worth of projects under the second phase of the Black and Veatch report are on the drawing board and will be ready for bids this fall and early spring.

Included are a two-million gallon elevated reservoir at 8th and F and a 500,000 gallon unit near College View in addition to three additional sections of 12-inch water mains.

Putney Honored By Associates

Members of the board of directors of the Midwest Life Insurance Co. honored W. W. Putney at a dinner at Lincoln Country Club Friday evening on the occasion of his completion of 30 years as president of the company.

Guests present were chief executive officers of the Lincoln life insurance companies which are members of the American Life Convention and representatives of various business and civic institutions in the city with which Putney has been long and closely associated.

Ernest L. Smith, long-time member of the Midwest Life board of directors, presided at the dinner.

Joe W. Seacrest, sovereign grand inspector general for the Scottish Rite Bodies in Nebraska, paid tribute to Putney's varied and extended leadership in the business, civic and fraternal activities of his city and state.

T. A. Sick, president of the Security Mutual Life Insurance Co. and former president of the American Life Convention, reviewed Putney's relations with, and contributions to, the life insurance industry.

On behalf of the board of directors of Midwest Life, Vernon L. Thompson reviewed Putney's relations with his associates in the company and presented him a gift from members of the board to serve as a "memento of this milestone in his career and a token of the esteem and affection in which he is held by all connected with the company."

Present at the dinner were Sick, Joe Albin, Grover Baumgartner, E. J. Faulkner, Dr. Frederick Teal, Earl Campbell, Smith, John K. Selleck, O. D. Trombla, Dr. E. W. Rowe, Clyde James, A. Leicester Hyde, Vernon Thompson, Herbert C. Henderson, Jean R. Kinder, T. B. Strain, Wheaton Battey, Seacrest, Clifford Hardin and Kenneth Lawson.

Max Osborn, Crash Victim, Is Released

Lincoln Star Special

ALLIANCE, Neb.—Maxfield G. Osborn, 29, of Lincoln was released Friday night from an Alliance hospital after treatment for injuries received in a highway accident near Whitman Thursday.

Killed in the one-car crash was Allen Heng, 25, of Nebraska City, student at the University of Nebraska.

Escaping injury in the accident which occurred on a Highway 2 curve were John T. Hurley, 25, who resides at 2513 S. street, Lincoln, and Jerry Joyce, 25, of Weeping Water. Osborn's Lincoln address is 227 So. 17th street.

The men were en route to Crawford to hunt deer when the accident happened.

Meanwhile, funeral services for Heng will be held at 9 a.m. Monday at St. Joseph's Church at Paul, Neb. Heng was graduated from Nebraska City High School in 1949 and served in the armed forces during Korean War, including nine months of duty in France.

Surviving are his parents, Mr. and Mrs. John Heng Jr. of Nebraska City; four sisters, Mrs. Robert Burr of Dunbar, Letta, Eileen and Dorothy, all at home; and two brothers, Pfc. Dwight Heng of Fort Bliss, Tex., and Edwin, a University of Nebraska student.

Turkey Sharply Rejects Soviet 'Aggression' Charge

ANKARA (Saturday) (AP)—Turkey Friday sharply rejected Soviet charges of planned aggression against Syria and publicly challenged Moscow to abandon its own Middle East policy.

The Turkish government released the text of a letter from Premier Menderes to Soviet Premier Bulganin claiming "subversive actions in Syria have reached a culminating point."

"This country (Syria) is arming itself speedily and far beyond its logical defensive needs," Menderes said.

Arms Depot

"Or rather it perhaps is being turned into an armament depot eventually to be used by others."

"If establishment of the true

friendship based on mutual trust between our two countries is desired as you state in your message," the Turkish leader said, "discontinuance of a policy pursued in the Middle East and especially in Syria would greatly contribute to this end."

Menderes' letter was in reply to on from Bulganin Sept. 13 accusing Turkey of threatening to provoke a third world war by massing troops on the Syrian border for what he called an American-planned attack.

The Turkish note said, "on this occasion we wish to state once again and most finally we do not have the smallest aggressive aim toward any of our neighbors."

Most Sincere

"We most sincerely desire that like Syria all Arab countries maintain their political and territorial integrity and we also have the warmest wishes for their happiness and prosperity."

"This is why we anxiously are watching events taking place in Syria, an important member of the Arab world."

Menderes remarked it was peculiar that Soviet Russia should be taking a proprietary interest in Syria and Syrian problems while Turkey has received no message of complaint from Syria itself.

"Proof of this proprietary attempt is your message which I am hereby trying to answer," Menderes said.

Woman Pleads Guilty To Forging \$402 Check

Mrs. Marian Waline, 22, of 818 So. 14th, pleaded guilty Friday in Lancaster District Court to forging an endorsement on a check.

Judge Harry A. Spencer deferred sentencing pending a report by the adult probation office. Mrs. Waline told police she found the \$402.43 check on a grocery store counter and forged an endorsement to buy a television set.

Giving Bride Rubber Check Cooked Him

CHICAGO (AP)—Giving his bride a \$5,000 rubber check as a wedding present was an error that landed 66-year-old Russell Fritz in jail, police said Friday.

The couple, married Aug. 23, had gone from Chicago to Miami for a one-week honeymoon. Later Fritz sent his wife to Iowa and came alone to Chicago.

Police quoted Fritz as saying he also wrote a phony \$25,000 check in Miami as payment for a \$185,000 apartment building.

Mrs. Fritz told police she deposited her gift check and began writing checks against it. They bounced. So she set up a meeting of police and her husband.

Through Trains

HONG KONG (AP)—Peiping Radio announced the Soviet Union, Red China and Outer Mongolia have signed an agreement for through trains to and from their territories. Talks on the rail link-up began Sept. 16. The Mongolian Republic is Moscow's oldest satellite and it rubs on the Red China frontiers.

PASTOR LUNDQUIST . . . addresses rally closing Lutheran evangelism week.

Lutheran Evangelism Rally Brings 'Glorious Week' To Close

A mass rally at Irving Junior High School Friday night concluded what a speaker termed a "glorious week" of evangelism among Lutheran churches in the Lincoln area.

The Rev. George Lundquist of Milwaukee, Wis., addressed the more than 500 persons at the rally, which brought together members of 12 National Lutheran Council churches in and near Lincoln. The churches have participated since Sunday in a Lutheran Evangelism Mission effort.

"We are at the end of a glorious week of witnessing for Christ, of sharing Him with friends and neighbors and of having our hearts and souls refreshed by the gospel," Pastor Lundquist said.

He termed it a "marvelous experience," but said it should prove to be only the prelude to "a greater evangelism, an all-in-

clusive evangelism."

This "greater evangelism will include all people outside the church," he said.

"We have been practicing a kind of segregation in our church life," he declared. "We have been selective in our witness. We have tended to reach out to people of a certain nationality, or people of a certain race, or people of a certain economic level, or people of certain denominational background."

"Now we will no longer be looking at men from a human point of view . . .

"We will see in every man not his color, nor his clothes, nor his condition. But we will see him only as a soul, precious to God, so precious that God spared not His own Son but gave Him up to die on the cross of Calvary for the sins of the whole world."

Pennsylvanian Is Given Pen Term

Henry Theodore Massey, 29, of Chester, Pa., was sentenced to 18 months in the State Penitentiary by Lancaster District Judge Harry A. Spencer.

Massey had pleaded guilty to a charge of forgery in connection with the issuing of a \$61.73 check on Sept. 14. Judge Spencer also fined him \$25.

Huge Vehicles Readied

MOSCOW (AP)—Massive military vehicles more than 100 feet long apparently are being readied for unveiling at the Nov. 7 parade celebrating the 40th anniversary of the Bolshevik Revolution. Western observers who have seen them moving mysteriously under tarpaulins in Red Square in the dark hours speculate they may be a new type Soviet atomic cannon or portable launchers for guided missiles.

Here In Lincoln

Settlement OK'd—A lump sum compromise settlement of \$840 to Wayne O. Dougherty in connection with an alleged finger injury received Apr. 26 was approved by the Lancaster District Court. Defendant in the suit was the Berkeley Pump Co. Inc. of York, Neb.

Roper & Sons Mortuary.—Adv. \$715 Settlement—A lump sum compromise settlement of \$715 to Edwin Cecil Burns of Ethel, Miss., was approved in Lancaster District Court. Burns, a former Lincoln resident, had claimed he suffered leg injuries Mar. 5, 1956, while employed by the Kan-Tex Corp. of Hastings, the defendant in the suit.

Hodgman-Spaulin Mortuary.—Adv.

Michigan Clerk Visitor—Norman Philco, clerk of the Michigan House of Representatives for the past 12 years, was in Lincoln Friday visiting with Nebraska's Clerk of the Legislature Hugo S. Philco and S. compared notes on the similarities and differences of Nebraska's one-house legislature and Michigan's two-house system.

Bankruptcy Filing — Lester A. Schaefer of Rt. 1 Seward, school custodian, filed in Federal Court a voluntary bankruptcy schedule listing liabilities of \$2,882.06 and no assets. Listed were taxes of \$121; priority debts, \$400; secured claims, \$503.24, and unsecured claims, \$1,857.77. Principal unsecured claims were: George E. Green, Lincoln, \$402.60, and GAC Finance Corp., \$568.62.

Wadlow's Mortuary.—Adv.

Midwest Roofing for all types of Roofs and Siding, 5-2510.—Adv.

On Fellowship Committee—Dr. Harold E. Wise, assistant dean of the University of Nebraska Graduate College, and Dr. Walter F. Wright, assistant dean of the University of Nebraska College of Arts and Science, are among 75 college and university faculty members in the U.S. and Canada who have been chosen to serve as committee members on the Woodrow Wilson Fellowship Foundation,

Hearing Set On Bus Application

The State Railway Commission has set Oct. 17 as the date for a hearing at the Fremont Court House on the application of J. H. Hassenflow of Fremont to operate a regularly scheduled bus service from Fremont to Humphrey.

John Thompson, director of the motor transportation division of the Commission, said if authority is granted, the company would be known as H.F. Stages, and would operate a nine-passenger station wagon.

Traveling on Highways 275 and 91, the company has applied to give service from Humphrey to

Creston, Leigh, Clarkson, Howells, Dodge, Snyder, Scribner, Hooper and Fremont.

In his application Hassenflow said the company would not give service from Scribner and Hooper to Fremont on Sundays and holidays, and would never schedule service from Fremont to Hooper and Scribner.

He has submitted a minimum rate of 35 cents, and estimated the over-all rate at four cents per mile.

Who Are These UNITARIANS?

UNITARIANS ARE HERETICS BY CHOICE

To choose is to be a heretic, according to the world's original meaning. To choose is also to be adult, able to think and make decisions for oneself.

Time To Give Thought

James R. Hoffa was elected president of the Teamsters Union by the delegates at its Miami Beach, Fla., convention. Their vote gave him a four to one margin over two opponents. This was a landslide endorsement of Hoffa.

The nation is of mixed mind both on Hoffa and his union. The latter has been scandal ridden. The former has been a personal target of a Senate investigation, the subject of indictment and a man connected rightly or wrongly with usurpation of powers at once deleterious to the union and to the national sense of ethics. One element of the union sought but unsuccessfully to enjoin the election. But he was elected four to one.

It is just as well to leave the appraisal of these factors to the clarifying transactions of time and to due process of law. Mr. Hoffa may or may not be guilty. But they pose a problem in civics, the problem of a teacher explaining democracy to her pupils, a father counseling his

inquiring son on the ways of citizenship.

It is the proper juncture during which to remind the young thirsters after truth that democracy is to be cherished and defended because it is the best of all governmental forms to enhance human liberty, individual freedom and the most noble of good works. But it is not an end in itself. Rather it is a means—a form. It is virtuous only to the degree its users are virtuous. A democracy dominated by immoral, uncharitable, backward, raging people is an institution of these same characteristics. Young America is to be advised that the noble democracy they have learned to cherish, and which most of the time this land of ours has manifested, resides not in outward forms but in the inward grace and restraint of its individual citizens. Each individual, each generation fashions its democracy and it is a responsibility that cannot be delegated, nor treated cynically.

Physical Fitness Needed

While not as many as might have been hoped for, the 150 persons who turned out for the Lincoln meeting of the Governor's Conference on Youth Fitness was encouraging. It shows a substantial interest among Lincoln groups and individuals in what is a very important subject.

We can't quite agree with the generalization by Dr. Shane MacCarthy, executive director of the President's Council of Youth Fitness, that Americans "are getting physically soft." In specific cases he is no doubt right but that would not be a condition peculiar to today alone. Even the "Wild West" had its softies.

Also, the neighborhood's today show little sign of softness. If the average child can't take his knocks with the rest of the "gang" and still

come out laughing, he is likely to be left out of things. In the society of the very young, a softy will not get very far.

But the idea of more emphasis on physical fitness is a good one. There is need for more organized sports for the young folks. Only in such a way as that, not unsupervised neighborhood associations, will the child get out of physical fitness the advantages it offers.

Through organized and supervised recreational or sporting programs, the child will experience an over-all physical development that cannot be obtained in any other way. This alone is an important part of growing up. A sound mind and a sound body are close companions and a child without either starts out with two strikes against him.

Goodby, Engine Charley

The time has come for the nation to bid farewell to Engine Charley Wilson, six years secretary of Defense, and throughout that time an effective and interesting individual. No man to wear another man's collar or Mr. Wilson, however, is a tractable and happily married man whose prudent wife has decreed the time has come for less work and more rest. And that is it.

The nation will miss Mr. Wilson. He was an expensive secretary as the swelling billions in the defense budget indicate. He was at times

Power Blackout

By WILLIAM O. DOBLER

For years, Nebraskans, particularly in the eastern part of the state, have been warned of the dangers of a partial "blackout" due to a shortage of electricity. This, however, is just one kind of blackout in the field of public power. The other kind, and the kind that is doing even more damage than the conventional type, is the blackout of facts from public power agencies in the state.

Gov. Victor Anderson has expressed a willingness to call a meeting of Nebraska power groups to settle current problems if such a gathering is deemed necessary. The governor has said he wants more facts before making a definite decision. The trouble with this is that the governor will never get his facts unless he gets the representatives of the power groups involved sitting across the table from one another. He will get nowhere if he attempts to get the facts from one group at one time and the facts from another group at another time. Statements made by Consumers in regard to the proposed construction of a 230-kilovolt transmission line from Fort Randall in South Dakota into Nebraska make good sense but conflict with other groups seeking the same line. As both groups make their case before the public, the unanswered questions continue to mount. We suggest that Gov. Anderson is wasting time if he does not take immediate steps to untangle present controversies. Not only that, but time in the public power picture is wasted with each day that passes without action leading to a more permanent solution to the conflicts and cross-fires which are now dividing what should be a united statewide effort to give the people the best electric service for the least amount of money.

In the most recent development over the controversial Fort Randall line, the Nebraska Electric Generation and Transmission Co-operative Inc. has stated that its building of the line would save the state electric customers up to \$1.2 million a year when compared with energy proposed to be furnished by Consumers with their conventional steam-generating plant at Hallam. In this connection there is another peculiar conflict. The G & T, composed of a number of rural electrification associations working through the Nebraska Public Power System, affirms it is not opposed to the atomic plant at Hallam, to be in operation in 1962. This does not jibe with reports by Rep. A. L. Miller of Nebraska to the effect that he was urged by the REA's during the last session of Congress to vote against the Hallam plant. Either Miller or the REA's—we are inclined to believe the former here—are not shooting straight with the public.

As Consumers and the REA's unfold their plans for the Fort Randall line, these are some of the problems or questions which come up. Exactly what are the power needs of the state for the next decade? How much power is available to Nebraska from Missouri River dams and what is the federal basis for allocation of this power? What should be the service area of the groups involved? If there needs to be a system of priority for construction of transmission lines and power plants, how is such a priority to be established? For a long-range view, how can the various groups in Nebraska be organized so as to avoid future conflicts? Both Consumers and the REA's have different ideas and different motivating forces. There are considerations which still have not been brought out into the open but are vital to the solution of the problem.

Waiting such as is now being practiced by the governor will produce no solutions. It is only natural that Gov. Anderson wants to move slowly. The stakes are big. However, time is running out on one of the life lines of the state.

DREW PEARSON

Is It Fear Or Desire To Destroy?

TEL AVIV — In order to see what could be done to bridge the valley of hate between the Arabs and Israel, I went to see the prime minister of Israel, David Ben-Gurion. I found him at the Hotel Sharon where he was spending a few days bathing in the Mediterranean.

Ben-Gurion was interested in the fact that I had been to Syria and peppered me with questions. At one point I interrupted the questions to remark dead-pan: "How are you getting along with your plan to marry Mrs. Golda Meir to King Hussein of Jordan?"

Mrs. Meir, unsimiling dignity. The king, a notorious playboy and ladies' man, is 23.

"Where did you hear that?" gasped the astonished prime minister.

"It's all over the Arab world," I replied, still dead-pan, "that you're trying to make peace with the Arabs by playing cupid for King Hussein and Mrs. Meir. I'm planning to write a bit story on it."

"But the king is still married," shot back Ben-Gurion, catching the joke and breaking into one of his broad, contagious grins.

FEAR OF ISRAEL

The rest of the interview was deadly serious. Reporting on my trip through the Arab states, I told Ben-Gurion that every Arab leader I met raised the refugee problem, and everyone also expressed genuine fear of the Israeli army. They seemed to feel the Israeli army was endowed with either divine or satanic strength.

"Are you sure it is fear?" Ben-Gurion replied. "I think it is also the desire to destroy Israel. They use the excuse of fear to nurture the desire to destroy us."

"If they are afraid, then why don't they sit down with us and negotiate a nonaggression pact?" he continued. "Let us have a treaty of friendship and peace. We are ready at any time."

I told Ben-Gurion that while ex-

tremist Arabs would never rest until Israel was destroyed, I had met more moderate Arabs who knew Israel was here to stay. They felt that if he made the gesture of letting the refugees come back, only a handful would come.

"Our whole problem," he said, "is migration. We are working to take care of people from all over the world, and I am afraid we shall have to take care of many more."

"There are 3,000,000 Jews in Russia and if Russia opens her doors to let them depart, I have reason to believe that one-half of them would want to come out. What we will do with them I do not know, but we shall manage. We have managed in the past and we shall manage again."

PEACE FOR ISRAEL?

We talked at great length of the problems of the Near East, much of it off the record. As I was about to leave, I asked:

"Last year when I was here," I reminded Ben-Gurion, "I predicted war between Israel and Egypt with France and England coming in and Russia and the United States staying out. What would you advise me to predict this time?"

"Peace," replied the prime minister without hesitation, "—as far as Israel is concerned."

I would agree with that prediction—as far as Israel is concerned. But Israel alone does not control the peace of the near East, and, judging from the temper of the Arab states, especially Syria, I fear that Ben-Gurion may be a modern-day Moses.

Like the prophet who led the people of Israel back within sight of the promised land but never enjoyed the privilege of getting there himself, Ben-Gurion has settled the people of Israel on a new, revitalized promised land, but may not live to see peace in the land which he has settled.

DORIS FLEESON

Family Interest Shushes Winthrop

WASHINGTON — Winthrop Rockefeller's refusal to become involved publicly in the integration crisis in his adopted state of Arkansas is attributed in part by New York politicians to the ambitions of his brother, Nelson.

According to this theory, Nelson, second son of John D. Jr., is an aspirant for the Republican nomination for governor of New York next year. The contest for the nomination appears to be wide open, with none of several other hopefuls having anything like a clear-cut lead or a great popular following.

Although New York has some glaring notes in its own eye—Harlem, for one—it has, in general, been a leader in the demand for equality of citizenship. No party there would nominate a candidate who is not an active force of any discrimination based on race, creed or color.

Nelson and all his brothers, Winthrop included, plus his father, amply qualify on such a basis. In fact, all the Rockefellers today take their citizenship duties seriously and are active in a variety of causes and reforms. Up to now, however, these have been educational, social and welfare in nature.

Nelson is the first to show signs of wanting to engage in the rough-and-tumble of elective politics, though he had spent a substantial apprenticeship in appointive politics under both Democratic and Republican presidents. If Winthrop feels that he would not like to risk

hampering him in any way, it would be a natural sentiment and one in keeping with the close family ties the brothers have maintained.

With the best intentions in the world, Winthrop Rockefeller could become involved in something it might be difficult for Nelson to explain on a New York hustling. That he would be taxed with guilt-by-association seems clear; Democratic candidates as far from Arkansas as New York and New Jersey—Mayor Robert E. Wagner and Governor Robert B. Meyner, respectively—are now being put on the defensive by Republicans about Little Rock.

Winthrop Rockefeller has seemed to be happier and more successful in his Arkansas career than in his earlier life in New York. Unquestionably he would like to be helpful to his present neighbors. To do this without a sacrifice of principle is a problem engaging many people.

Nelson Rockefeller's rivals for the right to run next year against Governor Averell Harriman include two upstarters who are legislative leaders, Oswald Heck and Walter J. Mahoney, and former Republican National Chairman Leonard Hall of Nassau County. Hall, the successful architect of the Eisenhower draft and re-election last year, recently made up with an old foe in the GOP organization, National Committeeman Russell Sprague. But he has felt the lack of a public office to keep him in the news.

ED FITZHUGH

Peace And Quiet Hard On Nerves

A disturbing peacefulness has come to our neighborhood, a quiet that seeps into your bones and makes you start up in alarm when a sparrow chirps outside. Tina has gone to England.

Being only 4, Tina did not go to England alone. Her mother, who is English, and her older sister went with her to visit her grandparents in the vicinity of Greater Yarmouth. But the disturbing peacefulness which has settled down is all Tina's doing.

What makes the peacefulness worse than usual is that the last two weeks have been devoted, in a sort of neighborhood project, to getting Tina ready to go to England. This involved mostly keeping her out of her mother's packing, so that steamship tickets would not disappear into a mail box or new clothing go to the Good Will man or the Salvation Army.

It is not so much that Tina gets into mischief as it is that she contains more life in her small figure than you can find in a regiment of adults. Also, she is entirely self-sufficient. This was demonstrated when Mrs. F. found her in our kitchen getting a drink out of the cupboard for a glass

of water. She had piled a small wooden box on top of a kitchen stool, and a waste basket on top of the box, and was teetering at the apex of the whole shaky structure, reaching for the cupboard.

"Honey, you'll fall," Mrs. F. warned.

"Oh, no I won't," said Tina, although not so clearly. "See!" She teetered on the swaying pyramid, it toppled forward, and she stepped blithely off onto the kitchen sink. There she dropped to her stomach, squirmed her legs over the edge, and landed safely on the floor.

Except for industriously helping Mrs. F. get dinner by dumping a full portion of small, hot peppers from a jar into Mrs. F.'s cake batter, and otherwise making herself useful, Tina's principal contribution to our home was a game with our dachshunds. This involved pulling on a scarf, at which Tina was not half so good as the two dogs. They pulled her through three floor lamps, one end table and under the piano, where she got stuck.

But today Tina is on the way to England to see her grandparents, and everything is peaceful. Too peaceful.

(Chicago Sun-Times Syndicate)

A THOUGHT FOR THE SABBATH

Stories Of Famous Hymns

I'll Go Where You Want Me To Go

It may not be on the mountain height,
Or over the stormy sea;
It may not be at the battle front
My Lord will have need of me;
But if, by a still, small voice He calls
To paths that I do not know,
I'll answer, dear Lord, with my hand in Thine,
I'll go where You want me to go.

Perhaps today there are loving words
Which Jesus would have me speak;
There may be now in the paths of sin
Some wand'rer whom I should seek;
O Savior, if Thou wilt be my guide,
Thou' dark and rugged the way,
My voice shall echo the message sweet,
I'll say what You want me to say.

There's surely somewhere a lowly place
In earth's harvest fields so wide,
Where I may labor through life's short day
For Jesus, the Crucified;
So trusting my all to Thy tender care,
And knowing Thou lovest me,
I'll do Thy will with a heart sincere,
I'll be what You want me to be.

By HORACE B. POWELL

Here is a hymn which, in a little Ohio prayer-meeting nearly 50 years ago, led Homer Rodeheaver to devote his life to singing the gospel.

In his own hymn anecdotes, Mr. Rodeheaver tells the following story of the incident:

"One of the very first songs that I ever heard after I left my home in the mountains of East Tennessee was Mary Brown's 'I'll Go Where You Want Me To Go.' It was the singing of this song by a singer named Ellis in a young people's meeting at Ohio Wesleyan University, in Delaware, Ohio, in 1897, that gave me my first urge to become a gospel singer."

"Mrs. Grace E. Rounsefell, who wrote the music, used to do evangelistic work, and accompanied her singing with an old-fashioned zither. One day a friend handed her the words of this hymn and immediately a tune came to her and she struck a chord on her zither and sang the song. Later, a friend wrote it down for her and she had it published in a somewhat modified form. It has become a favorite at consecration meetings."

The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name. Letters represent only contributor's view.

Just A Game

Lincoln, Neb.

To the editor of The Lincoln Star: At last my anger has been raised to the point where I feel I must speak my piece. I feel it's about time the students had their say and, without taking an official poll, I feel I'm speaking for many of the students at the University of Nebraska.

What is college football, anyway? Is it a do-or-die business maneuver? Do our boys have to beat Army and Washington State to be classed still as football players? I've always thought of football as a game of sport—a sport in which boys participated because they liked it—because they liked to play football. I like to see our boys win as much as the next person, but if they don't, it's only the breaks of the game—and I mean "game"! They wouldn't be out there day after day, week after week, getting their brains knocked out if they didn't like the game. But why can't we leave it at that—a game?

Do we go to school for an education or to see our football team win? How can some of our alumni be so dumb and hypocritical? Evidently some of them came for football and neglected the fact that N.U. is primarily an institution for advanced learning.

N. U.'s games are no longer fun even to watch. The fun, the gaiety, the thrill—all are gone. It's no longer a contest of fun and personal satisfaction. It's a game of blood and revenge because the people of this state have made it so, not the players themselves. It's no wonder that stars from other states don't have any desire to come to Nebraska. Why should they? What do we have to offer them? Nothing!

If Nebraskans are so set on a spectacular football team, let them claim Army or Oklahoma, but in the name of all that is decent, leave us alone and let us play the game once again for fun alone!

AN N. U. STUDENT

Cost of Living

Hastings, Neb.

To the editor of The Lincoln Star: When a wire service sends a dispatch out from Washington to the daily press, and that press report proves to be wrong, it becomes the duty of those using such a report to acknowledge it as erroneous. However, when state officials refuse to let the old folks subsisting on beans and soup bones know what has taken place, when their attention has been called to it, the question arises as to whether an apology is due or not.

This writer admits that he used the press report which The Lincoln Star carried in his criticism against the governor and the Board of Control, for which he apologizes. The Congress raised the maximum for the aged on state assistance from \$55 to \$60, but it provided that the state must meet half of the said grant. The state of Nebraska met it for only about 20 per cent of the old folks who were not receiving their budgetary need because of the low Nebraska maximum.

Thus 80 per cent of the 17,000 on old age assistance in this state have not received a single dime of federal providence in the five years of mounting costs of living under the Eisenhower administration. It doesn't seem to know that there are old folks living and, seemingly, neither do Nebraska congressmen.

CECIL E. MATTHEWS

Upholding The Law

Hebron, Neb.

To the editor of The Lincoln Star: I noticed the article by Marvin Russell in the Oct. 1 Star in which he said he once thought The

So Nebraska has been walloped in its first two football games. Maybe it will take a good licking in all of them. So what? We've a new coach and a lot of new boys, all of them undoubtedly doing their best. We should get behind them with encouragement and loyalty.

I heard a professional man make the remark that much of the criticism comes from "old duffers" who played a little football 40 years ago, or from some "young punks" who have never been nearer a football field than to cross it before or after a game, but they have all the answers.

I know a lot of states produce a bunch of howling wolves during a football season, but I think of all the states I've been in, Nebraska tops them all.

I wouldn't coach Nebraska nor would I play for Nebraska—not for all the gold in Fort Knox.

A LOYAL FAN

Thank You

Lincoln, Neb.

To the editor of the Lincoln Star: We wish to express our sincere appreciation to the many men, women and children who spent a great deal of time and effort for the presentation of the Black Hills Passion Play. To the members of the chorus, the local cast of extras and the many committees required to bring this to Lincoln, we say thank you. The sponsors, the Women's Division of the Chamber of Commerce and the Junior Chamber of Commerce, were proud to be able to bring this spectacular production to our city.

IRENE BARBER

Chairman, Passion Play Committee

Not For Gold

Lincoln, Neb.

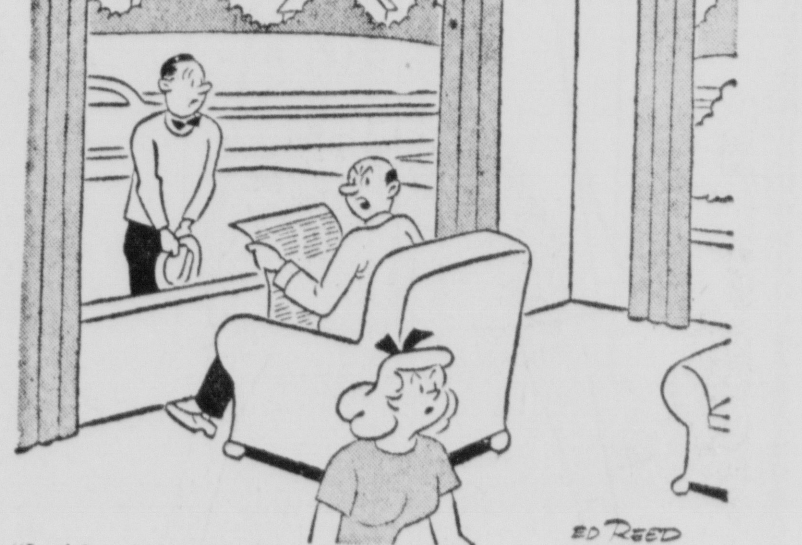

To the editor of The Lincoln Star:

When Mr. Eisenhower became President, he took an oath of office to preserve and defend the Constitution. Therefore he had no choice other than to send troops to see that the law of the land was obeyed. The governors also take an oath to obey and enforce the law. When the governor of Arkansas undertook to obstruct obeying of the law, he was just as guilty as any private citizen.

U.S. Chances Of Seeing Soviet 'Moon' Better Than Theirs Of Viewing Ours

By FRANK CAREY
Associated Press Science Reporter
WASHINGTON (AP) — The chances of Americans getting a view of the Russians satellite are much better than their chances of seeing this country's will be.

This has nothing to do with secrecy. It's due to the announced orbits or pathways of the tiny moons.

Delegates to an International Geophysical Year conference here said Friday night, however, that they couldn't tell at this time when people might be able to look up into the sky and locate the first of the man-made moons.

North-South Orbit

The Russians said some time ago they planned to launch their satellites in north-to-south orbits, passing near the poles.

In contrast, this country's satellites will be launched in east-west orbits.

This would mean that, since these earth will be rotating beneath them, the Russian satellites will cross all parts of the United States as well as Russia.

On the other hand, the American moons will be visible only for certain distances north and south of the equator, so that the northern limit of viewing could miss Russia entirely. Also, it could miss Europe and many cities in the northern part of the United States as well.

Washington Man Pleads Guilty To Stealing Car

Harley Wayne McKinney, 20, of Montesano, Wash., was committed to the Federal Youth Corrections Division by the Federal Court after he pleaded guilty to interstate transportation of a stolen car.

McKinney was charged with driving a stolen auto Aug. 15 from Savannah, Ga., to Central City, Neb., at his arraignment before U.S. District Judge Robert Van Felt of Lincoln.

Friday night's launching report from Moscow did not specify whether the Soviet satellite had actually been sent into a north-south orbit.

While the Russians said their moon was describing an elliptical (oval-shaped) trajectory at a height of 560 miles, the report left unclear whether that was the maximum or minimum height from the earth.

Americans have forecast that their satellites will be about 200 miles from the earth at their nearest point of orbit, and conceivably as much as 2,000 miles away at the most distant point.

Dr. Donald Purvis Elected To Head Heart Association

Dr. Donald F. Purvis, Lincoln physician, is the new president - elect of the Nebraska Heart Association.

He was elected to an Association meeting in Omaha.

Dr. Stephen L. Magiera of Omaha assumed the presidency, succeeding Dr. Willis Wright, also of Omaha.

Dr. Purvis

Ike And Mamie Go To Gettysburg For Weekend

GETTYSBURG, Pa. (AP)—President and Mrs. Eisenhower came to their farm home from Washington Friday for an autumn weekend.

The President arrived in his two-engine plane and lost no time in getting out to the Gettysburg Country Club course for a fast 18 holes of golf in perfect weather. He played with his old friend George E. Allen, Washington businessman who has a farm near the Eisenhower place.

Mrs. Eisenhower traveled from the White House by automobile. She arrived at the family farm a few minutes before her husband concluded his round of golf, and joined him for lunch.

This was Eisenhower's fourth round of golf of the week. He played Monday at Newport and on Wednesday and Thursday at the Burning Tree Club course near Washington. Present indications are the President will fly back to Washington Monday morning.

Americans hope to observe both their own and Russia's satellites by means of small telescopes which will be manned by teams of "moonwatchers"—amateur astronomers—constituting a kind of observation "fence" along the expected pathway of the baby moons.

Russia has also announced a "moonwatch" plan.

U.S. To Photograph

Definitive telescopic photography, employing special high-power Schmidt cameras, will also be carried on by the United States from a number of astronomical observatories both here and abroad.

The Russians have made no announcements about plans for telescopic photography. One unofficial report has been that they wanted to purchase Schmidt cameras from the United States.

Mainstay of the "tracking" program, however, will be by radio. Each satellite will be equipped with a radio transmitter which will send out automatic signals to allow "tracking." The transmitters also will relay to earth stations signals from scientific instruments carried in the baby moons.

What Will They Learn
These instruments will pick up information on such things as cosmic rays, temperatures, densities, "air drag," and release it in such a form that observers below can pick it up and keep it on record.

The United States announced earlier this week that its "picket fence" of radio tracking stations, now partially complete, will be fully ready in about two weeks.

However, these lookouts might not be able to pick up the Russian moon — because the Soviets also disclosed this week that their first moon at least would broadcast on different radio frequencies from the American ones.

Had Agreed

Originally all nations involved in the satellite program in any way had agreed on a compatible radio frequency so that radio sleuths everywhere could tune in on the satellites of both countries.

The Russians in stating they planned to use lower frequencies in their first satellite offered technical reasons for doing so, including a statement that their presently-chosen frequencies would be better for tuning in by radio amateurs.

The Russians indicated, however, that after their first moon was launched, they would let the United States know in plenty of time ahead of a subsequent launching so that revisions could be made in the American radio system.

Group Fears 'Power Empire' In Missouri Basin

Other Water Uses Believed Threatened

OMAHA (AP)—The Nebraska-Iowa Council of the Mississippi Valley Assn., called Friday for all-out resistance to a Missouri Valley Authority and a federal public power empire in the Missouri Basin.

The Nebraska-Iowa Council called on members and staff in the 23 states of the Mississippi Valley to meet this threat.

James R. Smith, vice president of the association, said the dangers arise from too much emphasis on hydroelectric power from the main stem dams to the detriment of other water uses, such as navigation and irrigation.

'REA Super Co-op'

He said the association's stand is based on recent demands by what he termed a "REA super co-op" serving 21 rural electric co-operatives in eastern South Dakota that the Missouri River dams be operated primarily for maximum hydroelectric power during peak loads winter months.

Smith said over-emphasis of the hydroelectric features of the main stem dams will deny downstream citizens of their just share of river development benefits such as water transportation and industrial water. Similarly, it will curtail irrigation development in the upper basin, which like navigation, is a summertime use of water.

Protests REA Request

The association, Smith said, also objects to the REA's insistence that the Bureau of Reclamation operate as a full fledged public utility, guaranteeing power to its customers instead of marketing only such power as is available.

He said such a policy would require the federal government to build steam generators to supplement river power, which is the responsibility of private utility companies, municipalities and the REAs themselves.

He said in the Tennessee Valley only 25 per cent of the present electric capacity is hydro, the other 75 per cent being steam capacity limited entirely with federal tax money.

Smith declared "the whole scheme . . . is an opening wedge to another major attempt to sell a Missouri Valley Authority to the basin."

Nebraskan Takes Part In Defense Orientation Meet

HUMBOLDT, Neb. (AP)—John R. Cooper, Humboldt, immediate past state commander of the American Legion, is in Washington to participate in what is called "The Secretary of Defense Joint Civilian Orientation Conference."

Cooper is the only representative from Nebraska on the tour, which will include stops at the Marine Base at Quantico, Va., the Pensacola, Fla., Naval Air Station, the Air Proving Grounds at Eglin Air Base, Fla., and the Infantry Training Center at Ft. Benning, Ga. The tour will conclude in Washington Oct. 12.

Services Held For E. C. Henthorn, 57

AURORA, Neb.—Funeral services for E. C. Henthorn, 57, native of Aurora, were held in the Lutheran Church at Mead. At the time of his death, Mr. Henthorn was a tool designer for Boeing Airplane Co. at Wichita, Kan.

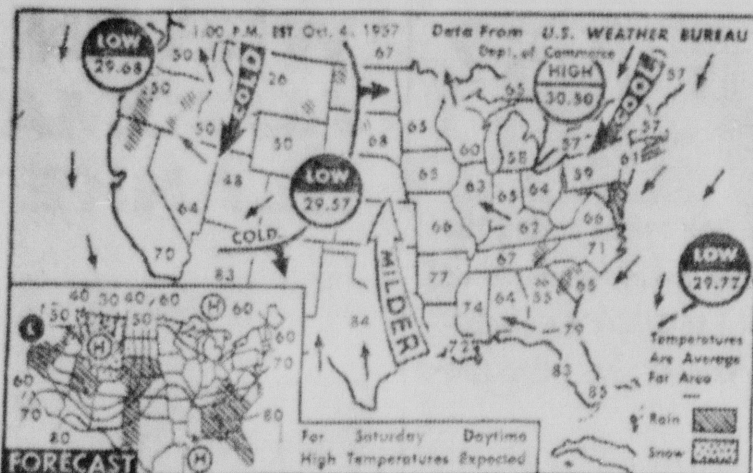

A former Sarpy County superintendent of schools, he had also served as superintendent of several schools, including Ceresco. He attended Kearney State Teachers College and received his B.S. and M.A. degrees from the University of Nebraska.

Surviving are his wife, Ruth; a son, Richard, of Aurora; two brothers, Rex and Harold, both of Aurora, and a sister, Mrs. Lou Retta Bradburg of San Diego, Calif.

Sen. Stryker Seeks Return To Office

DAVID CITY, Neb.—State Sen. Harold B. Stryker of Rising City, filed Friday for re-election as representative of the 17th Legislative District.

A farmer and farm operator, Stryker was elected in 1956 to his first term in the Legislature.

Most Of Nebraska May Get Showers

Some occasional showers are slated Saturday for parts of the southeastern states, extreme eastern Tennessee, northern California, northwest Nevada, most of Utah and Nebraska and western limits of the southern and central Plains. Occasional snow is expected in Montana westward to the Cascades and southward through Idaho and Wyoming into northern Colorado. (AP Wirephoto Map)

509 Are Enrolled In NU Med School

OMAHA — Fall registration has been completed at the University of Nebraska College of Medicine now, and matriculation lists show a total of 509 students in medicine, nursing, X-Ray and medical technology, and related fields. Undergraduate medical students total 327 — 87 freshmen, 82 sophomores, 75 juniors, and 83 seniors. Ten graduate students are enrolled in the college. Seven new physicians are taking their internships at University Hospital, and 28 residents are receiving training in medical specialties here.

The School of Nursing reports a total 112 undergraduate students for the 1957-58 academic year—36 sophomores, 32 juniors, and 44 seniors. In addition, four women are registered in the graduate nursing program here.

The medical technology roster shows a total of a dozen students enrolled in that curriculum. All 12 are new to the College of Medicine.

Eight young men and women are taking their training in X-Ray technology this year. Five of the eight are new students this fall; the other three began their studies earlier in the year.

These totals are comparable to last year's, showing slight variance in some of the individual totals and a slight (2%) increase in total College of Medicine enrollment.

Rev. Loesel, Utica, Accepts Michigan Post

UTICA, Neb. — The Rev. H. C. Loesel, pastor of St. Paul's Lutheran Church here for the past eight years, has accepted a call to Bay City, Mich. He and his family plan to move this month.

Ex-Nebraskan Loses His Life In Air Crash

BEIRUT, Lebanon (AP)—Capt. Bernard T. Kuhlmer, 37, formerly of Sidney, Neb., was pilot of the plane crashing into the Mediterranean and killing Kuhlmer and the other 30 persons aboard, the Lebanese International Airways announced.

Capt. Kuhlmer's address was listed as Ft. Monroe, Ia. He went to Lebanon from Sidney.

With a friend, Ladd Moore, Kuhlmer had gone to Sidney in 1955 and become associated with the Plains Oil Mills Inc., safflower plant. Moore and Kuhlmer also had a financial interest in a Sidney cafe. Kuhlmer left Sidney last November.

Before going to Sidney, he had been with a private airline flying in China. A former Air Force pilot, he flew a B-17 on 111 missions over Germany during World War II. Like Kuhlmer, Moore also was a former Air Force pilot.

The passengers on the ill-fated plane included two Americans, but the airline withheld their identities.

Officials of the airline also refused to disclose the value of 15 boxes of gold the plane was carrying to the Kuwait government.

Kuhlmer had been living in Beirut for seven months. His wife and three children, two boys and a girl ranging in age from five years to two months, arrived only two months ago from the States.

Child At Norfolk Chokes To Death

NORFOLK, Neb. (AP)—Carol, 13-month-old daughter of Mr. and Mrs. Orin Blank of Norfolk choked to death when a piece of apple became lodged in her throat. She is survived by her parents and a brother.

Doane Students Will Hear Koehl

LINCOLN Star Special

CRETE, Neb. — Dr. Robert Koehl, associate professor of history and member of the graduate faculty of the University of Nebraska, will be the speaker when Doane College holds its annual honors convocation Thursday.

Dr. Koehl, who will speak on "Whose Century Is This?" holds an A.B. degree Magna cum laude, M.A. and Ph.D. degrees from Harvard University. He has been on the University of Nebraska staff since 1955.

At least 24 Doane students will be cited at the convocation for their scholastic achievements during the 1956-57 school year.

Brother Of All Draws Sentence For Theft

OMAHA (INS) — Richard S. Brother Of All, who said he stole a car to attend an Indian Pow-Wow, was sentenced to two years in prison by a federal judge in Omaha.

Brother Of All was accused of stealing a car in Sioux City, Ia., and driving it to Winnebago, Neb., where the annual tribal gathering was being held.

Carpenters Union Official Says AGC Giving False Propaganda

OMAHA (AP)—An official of the Carpenters Union charged Friday that the Associated General Contractors of Nebraska headquarters in Lincoln was "spreading false propaganda in its efforts to link my union with Jimmy Hoffa and the Teamsters Union."

Guy D. Byers declared the motive was "to cloud the issue over our efforts to have the classification of 'carpenters helper' eliminated on interstate highway work in Nebraska."

The Lincoln AGC unit, made up of road and bridge contractors, said Sept. 22 the Carpenters Union "has signed an agreement to make room for Jimmy Hoffa's Teamsters on Nebraska's state highway projects if it succeeds in getting a foot in the door itself."

The Lincoln AGC said it was referring to the "big four," a national organization of carpenters, operating engineers, laborers and the teamsters union.

Byers said the "big four" has never been recognized by the Omaha Carpenters district council. "I don't believe any of the other Nebraska councils has recognized it either," he added.

He said the Lincoln AGC used

"a letter written two years ago" in its attempt to associate the Carpenters Union with Hoffa and the teamsters. He said the letter was written to AGC by Mark L. Bagby of St. Joseph, Mo., who was then the regional secretary of the "big four."

"There was no mention in the letter of Hoffa or the Teamsters Union. Neither was the Carpenters Union or any other union mentioned," Byers said. He added that Bagby is no longer connected with the "big four" but is a carpenters union international representative stationed in St. Joseph.

Organizational Drive Planned By Young GOP

FREMONT, Neb. (AP)—The Nebraska Young Republican Club has begun an organizational campaign which will be carried out through the four Congressional districts, Peter Smith, organizational director announced.

Smith said the drive would begin in the fourth Congressional district, and Rep. A. L. Miller (R-Neb.) of the fourth district will meet with various groups there interested in forming Young Republican Clubs.

Polish Students, Police In Battle

WARSAW, Poland (AP) — Combined forces of Polish Red police, security troops and militia men from worker ranks fought down a new student uprising for freedom here Friday night.

The students, still apparently untamed, taunted the anti-riot forces with shouts of: "Gestapo, Gestapo!" (Poland was one of the first and worst sufferers at the hands of Hitler's Gestapo more than a decade ago).

The forces used clubs and tear-gas and noise bombs as the violence spread beyond the student sphere to Poles of other ranks.

They broke up groups of students at the Warsaw Polytechnic School for the second straight night and smashed a demonstration outside the Communist Party headquarters where the party central committee was reported in emergency session.

People from other walks of life joined the milling crowds after the first police assault on students.

The steel-helmeted riot police first released tear gas grenades to break up taunting student groups, then wielded rubber

truncheons on individual students trapped in courtyards and other refuges.

Black-capped security police patrolled key points throughout the city as the students gathered in the Polytechnic great hall for Friday night's meeting.

Despite threats of punishment, the students massed again to protest suppression of the student newspaper and the rough treatment police gave them at their first rally Thursday night. The paper has been harsh in criticizing recent Communist party and government policy.

Truckloads of steel-helmeted factory militia, carrying clubs, poured to strategic spots in the city to back up the Communist police.

(Warsaw radio announced Friday night that Poland's Communist party has ordered party penalties for card-carrying Communists on the banned paper's staff. The radio as heard in London quoted a communiqué saying the paper was suspended for printing articles harmful to the regime but did not mention student protest demonstrations.)

It was the first anti-authority outbreak in Warsaw since Wladyslaw Gomulka returned to power as Communist party boss a year ago. Anti-Stalinist movements such as the students' had paved the way for his victory over the strict Soviet-type Communist leaders.

Rites Saturday For Ex-Vice President's Widow, Mrs. Dawes

Funeral services for Mrs. Caro D. B. Dawes, widow of former Vice President Charles Gates Dawes, and a former resident of Lincoln, will be held Saturday in Evanston, Ill.

Mrs. Dawes, 92, died Thursday in Evanston. She married Charles Dawes in Cincinnati, O., in about 1889 and returned with him to Lincoln, where he had been practicing law since 1887. They lived here until 1895.

The Dawes' family estate included several downtown Lincoln properties.

Lt. Wayne Handshy Assigned To NU Air ROTC Staff

1st Lt. Wayne H. Handshy, former University of Nebraska football player, is one of two new officers assigned to the NU Air ROTC staff.

Lt. Handshy has been stationed in Germany for three years. He received his B.S. degree from the University of Nebraska in 1953, and was a university football player in 1950 and 1951 and a member of the N Club.

Also assigned to the NU Air Force ROTC is Capt. Leslie Fosterman of Portland, Ore., who recently returned to the U.S. from a three year assignment in Japan. He is a graduate of Whitman College, Walla Walla, Wash., and served in the South Pacific during World War II.

400,000 More Join Argentine Strikers

BUENOS AIRES (INS)—More than 400,000 Argentine workers were reported out on strike as the nationwide labor crisis intensified. Latest to walk out in support of pay raise demands were employees of the Standard Oil and Shell Petroleum Companies.

Little Rock School Quiets Down

... WITH SIGNS OF PUPILS' RESTLESSNESS GONE

LITTLE ROCK, Ark. (AP)—The white students of Central High School Friday quietly admitted nine Negroes into their midst for a tenth day of integrated education.

Gone were the outward signs of teen-age restlessness that built up all week and reached a climax in Thursday's walkout of 75 anti-integrationist white students. The demonstration was an admitted failure and there was no attempt Friday to push it further.

The demonstrators were suspended for three days. Nevertheless, attendance was reported at 1,725 out of the maximum 2,000, only 58 below Wednesday's peak figure.

There was silence, too, on the political front.

Gov. Orval Faubus had nothing to say to reporters who waylaid him on his way to his office. In Washington, President Eisenhower apparently stood on his mandate to Faubus issued earlier in the week. The White House Je-

manded that Faubus unequivocally guarantee law and order in Little Rock and pledge no further obstruction to the first integration program in the city's history.

In return, the President said, he will withdraw regular Army troops from Little Rock and turn back to Faubus the federalized Arkansas National Guard.

At the school Friday about 100 white students lounged on the steps leading to the entrance as usual, awaiting the opening class bell. Thursday and the day before, they booed and jeered the Negroes and even sought mildly to block their entry.

Confederate Flags

Friday, although three or four of the white children waved Confederate flags, there was no hooting.

The white students moved aside and made no attempt to block the Negroes.

A military helicopter circled above the school area occasionally, apparently on the lookout for any concentration of anti-integrationists. But none were apparent in the vicinity.

Army Rejects Byrd's Request For Copy Of Revoked Order

WASHINGTON (AP)—Sen. Byrd (D-Va.) said Friday the Army has rejected his request for a copy of the "stepped-up riot training" order issued the day after federal troops were sent to Little Rock.

The Army canceled the order the next day. Generally, it alerted Army forces in the South to step up training for riot duty.

Byrd, second ranking Democrat on the Armed Services Committee, said he was "shocked" and "amazed" at Secretary of the Army Brucker's denial of his request for a copy of the order.

"I intend to do my utmost to lift this veil of secrecy and give the people the facts," Byrd said.

Brucker said that release of the document was governed by principles set forth by President Eisenhower during the Army-McCarthy hearings three years ago.

Eisenhower, in a letter to Secretary of Defense Wilson then, forbade disclosure to Congress of internal communications within the executive department.

Chest Goal Hiked

WAYNE, Neb. — The Wayne Community Chest drive goal has been set at \$7,200, compared with \$6,565 last year, for 11 agencies.

Rurals, Other Power Districts 'Agree To Agree'

Lincoln Star Special
COLUMBUS, Neb. — "Agreement to agree" was reached at the initial Columbus meeting of the "Ground Rules Power Committee" by representatives of the rurals, power districts, hydros and municipalities.

Ray J. Lowery of Oak, chairman of the ground rules committee, told The Star that the meeting was largely an exchange of ideas and that a meeting "to begin in earnest" to resolve problems and misunderstandings over power generation and distribution would be scheduled in three or four weeks.

Attending representatives, Lowery said, "were mutually agreed and confident that difficulties of the past can be worked out and the state's power problems solved without politics."

Lowery said representatives would carry the information gained to the meeting back to their organizations for the laying of ground work for future committee meetings.

Major work of the committee

will be to lay ground rules and areas of agreement as to "who's going to do what" in the confused and tangled state power situation.

"Just like Topsy, the power development just grew," Lowery said. "The work of the committee will be to redefine policy and work out agreements in the areas of distribution and generation."

Lowery said an agenda of problems to be tackled would be worked out for presentation at the next meeting.

The Columbus meeting was attended by representatives of the Nebraska Rural Power Association, the Nebraska Public Power System, Consumers Public Power District, and the Nebraska League of Municipalities.

Dismissal Of Suit Against City Affirmed
The State Supreme Court affirmed the action of the Lancaster County District Court in dismissing a suit brought by Peter Bitter and others against the city of Lincoln.

Bitter and other plaintiffs filed suit resisting payment of special assessments for alley improvements near their Lincoln property.

"Appellants have not established," the Supreme Court held, "that the special assessments constituted herein were made by the municipal authorities without evidential integrity or that the assessments resulted from the adoption of any inapplicable principles of law."

Non-Believers' Club
MOSCOW — A house of atheists offering clubrooms and lecture halls for non-believers was formally opened this week in Odessa. The maiden speech was by a former theology student.

Zoellner Joins NU Ag Faculty
Keith O. Zoellner has been appointed to the University of Nebraska staff as assistant Extension animal husbandman.

Zoellner, a graduate of South Dakota State College at Brookings, received his bachelor of science degree in animal husbandry and his master of science degree in animal breeding.

Zoellner's work will be in 4-H livestock. He will replace K. C. Fouts who recently retired.

Fitzgerald Suspended For Year

Former Douglas County Attorney James J. Fitzgerald of Omaha was suspended from practicing law for at least one year by the State Supreme Court.

The State Bar Association had asked disciplinary action against Fitzgerald on grounds he violated canons of professional ethics by failing to file income tax returns.

Fitzgerald was fined \$750 in Federal District Court at Omaha on

his plea of nolo contendere to three counts of failing to file tax returns on income received in 1952, 1953 and 1954.

In suspending Fitzgerald from the practice of law for at least one year, the high court prescribed further that "if, at the end of one year from the effective date of his suspension, respondent (Fitzgerald) makes an affirmative showing, sufficient to satisfy this court, that he

has fully complied with our order of suspension and that he will not, in the future, engage in any practices offensive to the legal profession, then he will be reinstated and allowed to engage in the practice of law. However, if he fails to do so, then the suspension herein provided for is to become permanent."

Contended No 'Moral Turpitude'

The 49-year-old Fitzgerald, who served as county attorney from 1947 to 1951, contended no "moral turpitude" was involved in the case. He said, and the court acknowledged, that he had been ill at the time he should have filed his income tax return in 1947.

Fearing criminal prosecution for filing a delinquent tax report for the year, he did not file for that year or subsequent years, he said.

Commented the Supreme Court: "We think it is significant that over a period of eight years respondent did not make a voluntary disclosure of his offenses to anyone until he was called by those in charge of the internal revenue service."

"Considering everything involved, we come to the conclusion that respondent must be disciplined for what he knowingly and willfully did for by doing so he violated both the oath he took on being admitted to the practice of law and the canons of ethics governing his conduct after his admission."

The court noted, however, that Fitzgerald had co-operated fully with the internal revenue service in ascertaining the amount of tax owing and that Fitzgerald intends to pay the full amount.

"There is no evidence before us that respondent has ever breached his duty as a lawyer nor is there any evidence that he has ever been guilty of any other wrong doing as a private citizen," the court added.

Police Investigate 2 Night Assaults

Police are investigating the second report in two nights of an attempted assault on Lincoln women. Both cases involved an unidentified boy about 20 years of age. The first case involved a Lincoln woman who was accosted as she walked near 25th and N. Wednesday night. The youth placed his hand over her mouth but she screamed and he fled.

Thursday night a second woman was approached by a youth near 16th and Harrison. He also put his hand over her mouth but she also screamed and the youth ran.

Presley To Stay Civilian A While

MEMPHIS, Tenn. (AP)—It'll probably be civilian—not Pvt.—Elvis Presley for another year.

The rock 'n' roll singer was examined for the draft last January and classified 1-A. Officials of his draft board said then he would not be inducted for six or eight months.

But Friday, Board Chairman Milton Bowers said that because of reduced draft quotas it now "looks like late next year" before Presley will be called.

Attempt To Have Peery Face Robbery Charges Here Fails

An attempt to have Wesley Peery of Lincoln returned here to face robbery charges during the jury term beginning Oct. 14 failed Friday.

Lancaster District Judge Harry A. Spencer refused to sign a certificate which would have requested the Ohio judge who has jurisdiction over a robbery case pending against Peery in Cleveland, O., to call a hearing to determine if Peery is a "material witness" in his own case.

Judge Spencer said the Uniform Act to Secure Attendance of Witnesses which Peery's attorneys quoted in their request does not apply to defendants but only to witnesses in their behalf. The act has been approved by many state legislatures, including Nebraska's and Ohio's.

Held In Cleveland

Peery, 33, is being held in Cleveland under \$50,000 bond in connection with his alleged armed robbery of a gas station there last week. Peery has pleaded innocent to the charge as well as to the robbery charge here.

The Lincoln charge is in connection with Peery's alleged robbery

of Charles W. Winkler of 3811 at gun-point on Jan. 15, 1956. Peery was found guilty last April in District Court of burglarizing the home of Asst. Police Chief Eugene Masters at 3743 J the same evening.

He was sentenced to five years in the State Penitentiary on the burglary charge, which he has appealed to the State Supreme Court. Peery was also convicted of raping a 27-year-old Council Bluffs, Ia., woman Jan. 25, 1956, but the State Supreme Court later reversed the conviction.

Peery was free on \$10,000 in bonds — \$7,500 on the burglary charge and \$2,500 on the robbery charge—when he was arrested in Ohio.

Singing Ambassador

MEXICO CITY (AP)—U.S. Ambassador Robert C. Hill didn't feel called upon to say a few words but felt he should sing. He won wild applause for leading an improvised quartet on the ever-popular Cielito Lindo at a civic club luncheon when speech-making normally is endured.

Fitzgerald had co-operated fully with the internal revenue service in ascertaining the amount of tax owing and that Fitzgerald intends to pay the full amount.

"There is no evidence before us that respondent has ever breached his duty as a lawyer nor is there any evidence that he has ever been guilty of any other wrong doing as a private citizen," the court added.

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Boer

Not since the mighty Casey missed the big one has there been such ruckus-doings in baseball. Why did Cincinnati quit like a blue-eyed mule on an upgrade?

We picked the Bums to repeat but they folded like a dude's pocket hanky.

The White Sox looked better than clothes on a window dummy. But they came apart like a club sandwich without the toothpicks.

Until Herb Score charged that boomerang at McDougald the Indians had a better chance than a double-chinned pelican in a fish bathery.

Waiting until next year is paying premature taxes on unhatched optimism. The fact is you cannot strengthen the team by making the bench longer.

We agree with the Giant fan who said, 'It's still our national game no matter how they play it.'

Best televising we saw in September was the Bums-Braves night game from Milwaukee. Owing to mechanical difficulties the video was off but the beerie was on.

What's new in Lincoln? Illustrated feature stories in the Sunday Journal and Star keep you informed.

Fastballers Turley, Buhl To Match Pitches Today

Pius Gains Draw Comeback Nets Bolts 7-7 Tie

STATISTICS

	St. Mary's	Pius X
First Downs	10	15
Rushing Yards	192	343
Passing Yards	5	11
Passes	5-2	6-1
Passes Intercepted by	0	0
Punts	2-31.3	4-26.5
Fumbles Lost	1	0
Yards Penalized	20	40

By AL BEEBE
Star Sports Staff Writer
Pius X capitalized on a fumble to gain a tie in the fourth period, but the Thunderbolts' luck ran out on the scoreboard clock as David City St. Mary's fought to a 7-7 deadlock here Friday night.

The game ended with Pius on DC's four-yard line after desperately driving from the Thunderbolt's own 17. Pius had another tough back in the second period, when Joe McWilliams had a 14-yard TD run nullified by a penalty.

The first half ended scoreless as each team threatened but couldn't push across the decider. David City got a drive going in the third period which was climaxed by its touchdown on the first play of the final period.

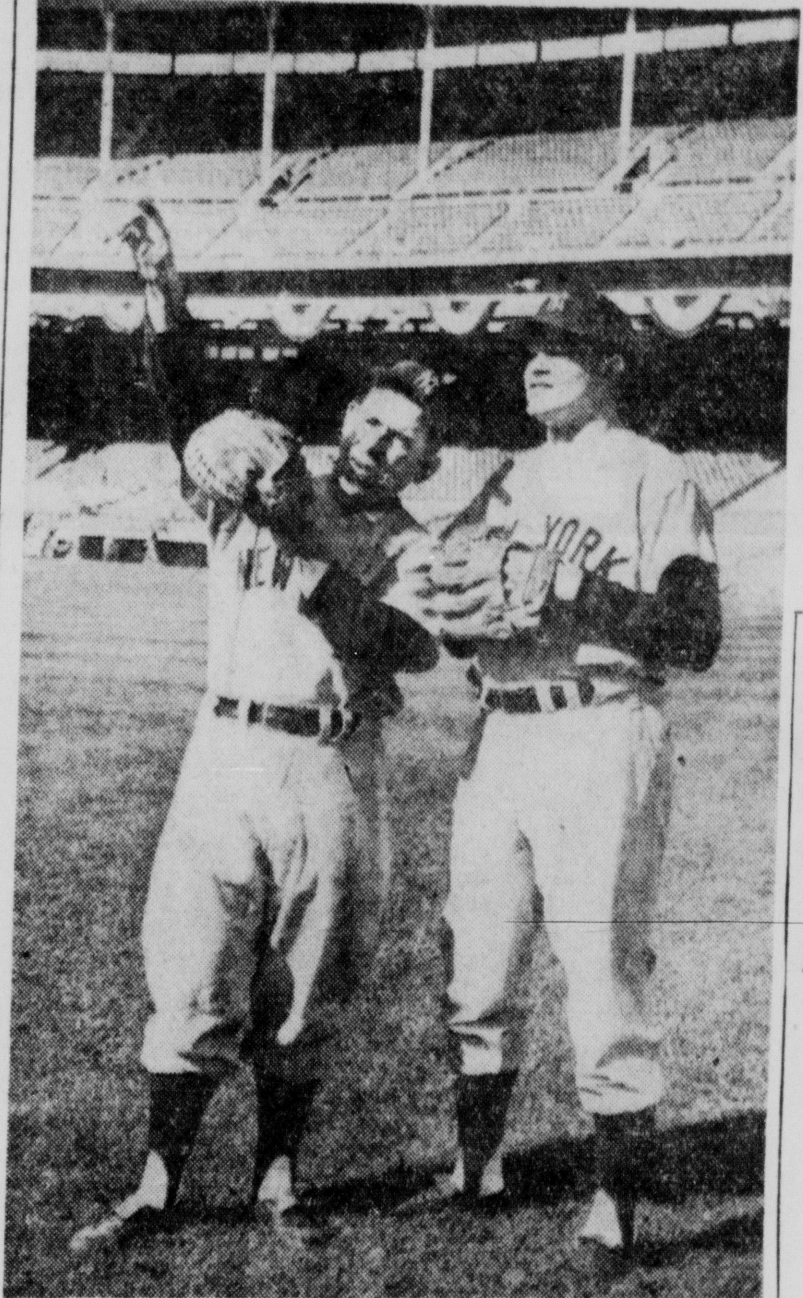

Quarterback Max Coufal, the offensive and defensive standout for St. Mary's, engineered the drive using the running of Jim Puetz and Richard Gans. DC took 16 plays to move 80 yards, with Puetz scoring from the two. Gans ran across the important extra point.

Midway in the final period, tackle Pius John Kerr recovered Coufal's fumble on the DC 13, and McWilliams and single wing fullback Don Houser went to work. Houser tallying from the two on the third play with 7:10 remaining in the game. Houser then plunged for the point which tied the game.

Houser, McWilliams and Don Thompson nearly pulled out a victory for Pius on the final drive, but the clock ended that hope. Pius gained 201 of its 343 yards rushing in the final quarter, and made eight of 15 first downs in that period.

The deadlock left each team with a 2-1-1 record.

St. Mary's: Coufal (run), Puetz (pass), PAT—Gans (run).
Pius X: Houser (run), Houser (pass), PAT—Houser (run).

Yogi Checks Milwaukee Sun

New York Yankee catcher Yogi Berra squints at the sun over Milwaukee's County Stadium during the Yanks' first workout in the Wisconsin city. With

By JACK HAND
MILWAUKEE — Bob Turley and Bob Buhl, a pair of bullet-throwing right-handers, will do the honors today when the World Series switches to this baseball-daffy city after a one day travel break. All even at one game each after holding the proud New York Yankees to a split in their own stadium, the confident Milwaukee Braves return to their friendly "Home of the Braves" for three big games.

In sharp contrast to base New York where a World Series is something that happens every October at Yankee Stadium, there is contagious excitement in the brisk air of Wisconsin. The beer and cheese land never has hosted a

series before and there is intense civic pride in "our Braves." Huge crowds cheered the Braves Thursday night when they flew home on a pink cloud. Lew Burdette's pitching and Wes Covington's hitting and fielding blended into a heady tonic. The 4-2 victory that squared the Series came at the most opportune moment.

The Yankees, who seldom fly, rode into Milwaukee at noon on a special train and hustled to County Stadium for a workout. Only a few of the Yanks—Whitey Ford, Mickey Mantle and Yogi Berra—had played in the park in the 1955 All-Star Game. Tony Kubek, a Milwaukee boy knew the park but to the others this symmetrical stadium was a strange new land.

Milwaukee's second game victory sliced the Series odds in half. The Yankees, who were 13 to 5 favorites after the opener, now were only 7 to 5 to cop the best-of-7 set. For today's game, the price was 11 to 10, New York favored.

About 45,000, including standees, will jam into County Stadium but their decibel count probably will double or triple the noise generated by 69,000 in New York. If the series stretches out to the full seven games, new attendance records may be set.

The fast ball hitters on both clubs—who have been moaning about the curves and changing speeds of Warren Spahn, Whitey Ford and Burdette—will get a chance to swing from their heels. Both Turley, who follows Don Larsen's no-windup delivery, and

Buhl come from the old "rear back and fire" school. Buhl, 29, tied his personal season high with an 18-7 record although he lost a month, from August 18 to September 12, due to a shoulder injury. Control is his trouble but he has a blazing strikeout pitch. He is a scowling, mean-looking competitor on the mound.

"They say the Yankees like to hit the fast ball," Buhl said this afternoon. "We'll see Saturday."

This, incidentally, was Buhl's sixth wedding anniversary and his wife, Joyce, came over from Saginaw, Mich., to be with him. She was counting on a big anniversary present—a decision for Bob over New York today.

Turley is a big man with a boyish face who has been called a

reformed scatter arm. During the 1957 season he conquered his old control trouble and wound up with a 13-6 record. In many ways, he is similar to Vic Raschi, a Yankee great of the past. Like Larsen, he does his best work in cool weather when his fast ball seems to have extra zip. With the help of Coach Jim Turner, he has come up with an extra pitch—a slider—which he uses instead of his old wide breaking curve.

Even before the Yanks hit town, they got a taste of the hysteria that has gripped this rich dairy country. As the train sped past a farmhouse, a girl in a blue dress and a white apron hoisted a huge handmade sign.

"Win Braves," it read in letters two feet high.

Stunned Links Nudged 20-19 By Grand Island Islanders Surprise LH After Trailing By 19-0

By BOB MCCOY
Star Sports Staff Writer
Grand Island rallied for two last period touchdowns to take a 20-19 victory away from determined Lincoln High as 4,000 screaming fans watched in amazement at the Oval Friday night.

The two Islander tallies, which came complete with all the trimmings, erased a 19-6 lead which the upset-minded Links had taken in the first half.

And when all was said and done, it was Grand Island's first half trouble—fumbles—that finally spelled the downfall for the Links.

Coach Ed Schwartzkopf's crew, magnificent before intermission but errant in the late stages of the spirited contest, lost the ball on two occasions in the second half, ending one drive and setting up the winning Islander touchdown.

The Links gobbled up three Islander fumbles in the first half and quickly converted them into touchdowns to take a 19-0 lead before the happy Homecoming crowd.

The Links went 57 yards just before the end of the first period after scooping up a fumble. Little

Art McWilliams scored from seven yards out on a sweep and the home club had a 6-0 lead.

Moments later McWilliams fell on another Grand Island bobble—the Islanders lost the ball via the fumble route three of the first four times they had possession—on the 13 and then went in to score from the six three plays later. This made it 12-0.

Grand Island took over again and fumbled once more, with Link tackle Jim Hergenrader recovering on the Islander 43. Five plays later the Links had their third touchdown—scored by fullback Larry Grenemeier from the one. McWilliams swept the right side for the extra point and Lincoln High led 19-0 with three minutes to go in the half.

But the Islanders got in a touchdown before intermission, with halfback Larry Van Wey skirting right end from 25 yards out with just 25 seconds remaining. So it was 19-6 at halftime and still the Links were in command.

And then came the Lincoln High version of fumblyitis.

After Grenemeier got away on a 48-yard sprint to the Islander 13 on the first Lincoln High play in the third period, the Links fumbled and lost a scoring opportunity.

Grand Island finally found the offensive range late in the third period and began a 68-yard march which resulted in a touchdown shortly after the start of the final stanza.

Van Wey again got the touchdown on a one-yard buck and Grand Island kicking ace Doug Carlisle pulled a switch and passed to big Ed Richards for the extra point to make it 19-13.

The roof fell in on the Links with 5:20 left to play when Islanders Roger Myers took a fumble on the LH 24 and set up the game's final tally. Richards bulldozed over from the one with 2:28 remaining in the contest and Van Wey got the extra point on a reverse to keep the Islanders undefeated this season.

Miss Sharon Anderson was crowned Lincoln High Homecoming Queen during halftime ceremonies.

Grand Island's 75-day duck season opens today and some areas are reported to have fine hunting prospects.

Sandhill lakes, farm ponds and rain water basins are the best hunting areas in the early part of the season, it was reported.

Today is also the first day of the season for grouse, coot and jacksnipes.

Pius' Dave Higgins suffers broken ankle. Dave Higgins, 17, stellar end for the Pius X football team, suffered a broken ankle during the Thunderbolts' game with David City St. Mary's, and will probably be sidelined for the remainder of the season.

He is being held in a local hospital.

K-State Liked Over Nebraska

... By 7-Point Margin

By DON BRYANT
Sports Editor, The Star
MANHATTAN, Kan. — Nebraska's corps of walking wounded — the Cornhusker football team — will venture forth here Saturday afternoon against the Kansas State Wildcats, with NU still in search of its first 1957 football victory.

Game time is 1:30 P.M., and the oddsmakers don't think the Huskers will have any better luck against Bus Martes' veteran and frisky Wildcats than they had against Washington State and Army.

Nebraska is a seven-point underdog. With the exception of possibly the Huskers themselves, who headquartered at Topeka Friday night and vowed to whip the Kansans before hitting the hay, you can't spot a soul here who figures Nebraska can spring an upset.

"Our backs are fast and our linemen are big and tough," one Wildcat backer beamed. "We've got Nebraska's number and we're going to stomp them again."

This no doubt is putting the situation on a more cut-and-dried basis than it really is—the Huskers will show up, but while the situation isn't hopeless, it's certainly dismal when you scan the latest NU battle casualty report.

The Huskers could hardly be more battered than if they had just landed on Anzio Beach.

At Topeka, Coach Bill Jennings verified newsmen's suspicions when he admitted: "You're not far wrong when you say the backfield situation is desperate. We've got only one halfback who isn't hurt—someplace—and that's Jim Hergenrader. And he's a sophomore who hasn't played much."

He wasn't "crying," Bill emphasized, just putting it on the line. Here's the situation of the other backs: Bennie Dilland, knee still questionable; Leo George, ankle; Doug Thomas, hip; Gene Sandage, shoulder; Max Martz, shoulder; Larry Naviaux, foot.

Dillard and Sandage are slated to open at left and right halfback respectively, while Thomas and Naviaux may see only limited duty if any.

Jennings has shuffled his lineups considerably from the past two Saturdays, boosting underclassmen to the front and relegating seniors

Northeast's Dave Bowers (bottom, 38...) stops Beatrice's K. Huston (with ball) on 45-yard line. (Star Photo)

TITLE FIGHT SET WITHOUT NBA OKAY

BOSTON — Sanction or no sanction, the Sharkey A.A. Friday matched former champion Tony DeMarco and Virgil Akins for a 15-round fight Oct. 29 which will be advertised "for the vacant world welterweight title."

Chairman Julius Helfand of the New York State Athletic Commission and Chairman Fred Saddy of the National Boxing Assn.'s rating committee both said the bout definitely will not be for the title.

Sharkey AA promoter Johnny Buckley announced the Boston Garden contest between the No. 1 ranked local boy and fifth-ranked Akins from St. Louis would determine the successor to Carmen Basilio for the welter championship.

By defeating Sugar Ray Robinson for the middleweight crown, Basilio automatically surrendered his hold on the welter division in the eyes of both the NBA and the New York group.

"DeMarco is the No. 1 contender," Buckley said. "How are they going to move him out? DeMarco will fight the contenders. He will fight them all in turn."

Helfand doesn't mean a thing in this setup. We tried to get a match with Isaac Logart and he refused. We offered him \$20,000 to fight here, but Logart's manager said he wouldn't come here because he would be robbed.

into New York to fight but he is not going to do it."

Wilber Rips Superior. WILBER—Doug Probasch scored three touchdowns Friday night to pace Wilber to a 27-0 triumph over Superior.

Dixie Series. Houston (Tex.) 4, Atlanta (Ga.) 1 (best of seven series tied 2-2)

Saturday, Oct. 5. LEON'S FOOD MART vs ROBERTS DAIRY. 10:30 A.M. KOLTV Field, 40th & Vine. POLICE DEPT. vs NORTHEAST MERCHANTS. 7:00 P.M. College View Field, 44th & Bancroft

Spartans, Pete's Bears In TV Game

BERKELEY, Calif. (AP)—Powerful Michigan State parades speed and power against a struggling California football team today before about 50,000 stadium fans and coast-to-coast video viewers.

The NBC television audience won't see the game's start if the World Series runs long. Ticket holders might not see it either unless they take careful heed that the kickoff comes at 3:30 p.m., CST.

Television commitments, with gridders sandwiched between baseball in Milwaukee and crooner Perry Como in New York, caused the starting time to be moved up a half hour. Cal took pains to notify all of the change.

Michigan State, the nation's No. 2 ranking power, goes after its 10th straight victory in an inter-sectional contest with Pacific Coast Conference clubs.

The Spartans open with a veteran backfield containing Jim Ninowski, No. 41 at quarterback; 200-pound Walt Kowalczyk, No. 14 at right half; Blanche Martin, No. 31 at left half, and Don Gilbert, No. 42 at fullback. All but Martin, a junior, have lettered two years.

Anchoring a mobile line averaging 212 pounds are center Dan Currie, No. 55, a 221-lb. pounder; Capt. Pat Burke, No. 71 at right tackle, and Dave Kaiser, No. 89 and field goal hero of the 1956 Rose Bowl game, at right end.

Kaiser, incidentally, hasn't boot another field goal since his three-pointer in the waning seconds beat UCLA, 17-14.

Coach Duffy Daugherty uses the multiple offense, this year with more emphasis on T formation variations.

Coach Pete Elliott, in his rookie year at California, installed the split T formation. In two outings, the Bears bowed to SMU and Washington State by single touchdown margins.

"We're not down and out," Elliott said. But he realizes a California victory would rank as one of the year's major upsets. On top of everything else, Giant guard Proverb Jacobs, counted on for defensive strength, came up ailing and won't see action.

Quarterback Joe Kapp, a 200-pound junior who wears No. 22, directs the Cal split-T for the first unit while Gabe Arrillaga, No. 20, handles the second group.

Elliott substitutes full teams with a belief no gridders can go at top speed more than 15 minutes. Kapp won his letter last year, but this is the first season of football for Arrillaga, a senior who previously concentrated on basketball.

Williams TKOs Walden In Ninth

WASHINGTON (AP)—Ernie "Sonny Boy" Williams of Washington, fighting his first main event, stopped Dave Walden of Youngstown, Ohio, Friday night on a technical knockout after 30 seconds of the ninth in a scheduled 10-round lightweight scrap at Capital Arena.

Williams weighed 139, Walden 134. Referee Marty Gallagher halted the struggle after Williams stunned Walden with a crackling right and then pounded the Youngstown contender freely on the ropes in Sonny Boy's corner.

Walden, 22, last-minute substitute for stablemate Johnny Busso in the nationally televised setto, was stopped for the first time in his 26 pro engagements.

Busso, the ninth ranked New York lightweight, was forced to pull out this morning after coming down with a virus infection.

Midland Queen Candidates

Nine Midland College coeds have been selected by members of the football squad as candidates for 1957 Grid Queen at homecoming Oct. 12. They are (left to right) Lois Denzin, Joanna Carson, Carolyn Kriebel, Jan Jurgens, Jan Dohn, Bonnie Yates, Judy Havekost, Nancy Hoppel, and Jacque Janeeck. (Photo special to The Star)

Hunters Offered Water Releases

OMAHA (AP)—The Corps of Engineers said Friday they have offered hunters a schedule of water releases from Missouri River dams which will aid the hunters in locating their shooting blinds.

Some of the choice sandbars don't show up except at low water stages when reservoir releases are restricted, the Engineers said, and knowledge of the river's characteristics plus information on the flows of the river as they are decreased at the end of the navigation season.

The Engineers said seasonal reductions in releases of water will begin this year on Oct. 26 as the 1957 navigation season draws to a close. Over a period of about four weeks the river stages will be lowered five to six feet, exposing many sandbars that can't be seen or used during the higher water stages.

The lowering of river stages will extend down stream until Nov. 22 when Kansas City will have its winter stage. But upstream hunters will get the advantage of the reduced flows much earlier.

Fred Gilbert Powers Falls City To Win

FALLS CITY—Fred Gilbert racked up three touchdowns to lead the Falls City Tigers to their second Southeastern Conference victory with a 33-0 win over Tecumseh here Friday night.

Gilbert's tallies included two sprints of 38 and 45 yards. Jim Poage scored a touchdown on an eight yard scamper and Bob Gibson crossed the twin stripes to account for the other Falls City score. Poage also kicked three extra points.

Falls City scored 6-14 7-6-33. Tecumseh scored 0-0 0-0-0-0. Gilbert's scoring: Touchdowns—Gilbert (38, 45, run); PAT—Poage (3), Gibson (30, run). PAT—Poage (3, kick).

Tekamah Wins 28-0

TEKAMAH—Larry Hansen ran for two touchdowns and passed for another to lead undefeated Tekamah past Lynps, 28-0, here Friday night in a Cornhusker Conference game.

Hansen scored on runs of eight yards each and passed to Gary Beckwith from eight yards out as Tekamah, now 4-0 for the season, dominated play throughout.

Lynps scored 0-0 0-0-0-0. Tekamah scoring: Touchdowns—Hansen (8, run; 8, run); Beckwith (8, pass from Hansen); Phil Case (30, pass from Harold Fairhair); PAT—Lloyd Farrens (3, place); Beckwith (pass from Jim Grasnick).

Hunters' Guide

Sunset Saturday: 6:03
Sunrise Sunday: 6:29
Sunset Sunday: 6:01
Sunrise Monday: 6:29

Legal shooting hours: (a) waterfowl, one-half hour before sunrise in sunset; (b) deer, 30 minutes before sunrise to 30 minutes after sunset.

Sunrise and sunset hours are computed at any point in Nebraska that is due north or due south of Lincoln. State sun time changes approximately one minute for each 15 miles in Nebraska, east to west, add one minute for each 15 miles west of Lincoln and subtract one minute for each 15 miles east.

City Basketball League Deadline Dates Told

The deadline date for entering a team in the Men's City League Basketball is October 18. The entry fee will be the same as last year. Please bring all entries to the Recreation Department, Room 110, Pershing Municipal Auditorium. Games will begin November 4.

First Deer Kills Reported Heavy

Reports available to the game commission office in Lincoln indicated Friday night that hunters were knocking down deer in large numbers in the Pine Ridge area of northwestern Nebraska.

The shooting season opened Friday morning. Weather conditions were described as "perfect" for hunting and there were plenty of animals to shoot at.

Game commission sources said the Crawford station checked 311 deer Friday and there were 69 at Fort Robinson. Reports were unavailable from other checking stations.

Two deer believed to be of near-record weight were reported. Esther Fleagle shot a whitetail which dressed out at 204 pounds, and Ludwig N. Rohrich of Bellwood bagged a mule deer which dressed out at 243 pounds.

Jurgensen Fails Military Physical

PHILADELPHIA (AP)—The Philadelphia Eagles announced Friday that rookie quarterback Sonny Jurgensen had been rejected for military duty after a second physical examination ordered by his draft board in Wilmington, N.C.

The former Duke standout suffered an ankle fracture while playing college football. The Eagles have been counting on Jurgensen to help lift them from the National Football League's Eastern Conference cellar.

Campbell Hits 275 In Speedboat Trial

SYRACUSE, N.Y. (AP)—Donald Campbell, world's speedboat racing king, drove his jetpowered Bluebird II at unofficial speeds of 250 and 275 miles an hour on Onondaga Lake Friday.

Campbell said he opened the boat to its maximum in the run south over the smooth lake in a familiarization test.

Sun glare and the wake from his first run held the return trip to 140 m.p.h., he said.

The British insurance man plans two tries at the speedboat record today, "conditions permitting."

Campbell hopes to better his own mark of 225.63 set last fall at Lake Conistan, England.

Pro Giants, Bears Attempt To Avenge Losses Tonight

By JOHN CLARY
The Associated Press

There isn't too much chance of going wrong this weekend if you throw away the form charts in the National Professional Football League. Four of last week's six losers play four of the winners and the way things went last Sunday the league standings could be bound pretty tightly Sunday night.

The boys are off to a flying start tonight when the New York Giants, the 1956 World champs, and the Chicago Bears, their title game opponents, both try to avenge first game losses. Cleveland plays Pittsburgh in the other Saturday night game.

The Giants upset 6-3 by Cleveland in the last 21 seconds of their opening game, may have an easier time in helping the Philadelphia Eagles open their home season. The Eagles—playing with mustaches until they win a game—lost a close one to Los Angeles, 17-13, and haven't won a game since Nov. 11, 1956 when they beat Pittsburgh 14-7.

They played one tie—10-10 with San Francisco—later during the 1956 season and lost all their exhibition games this year.

The Bears were soundly mistreated by the league's sleeping giant, Green Bay, losing 21-17 last week. Tonight the Bears must cope with the Baltimore Colts, another "upstart." The Colts ran Detroit right out of Baltimore's Municipal Stadium last week in a 31-14 romp, and then surprised by a rock-like defense, supposedly their weak point.

Pittsburgh and Cleveland, last week's winners, go at it in a battle of "young vs. old." The young are Coach Paul Brown's "new look" Cleveland aggregation, which still needed its elder statesman Lou Groza to help them knock off the Giants with two field goals, one a 47-yarder.

Pittsburgh Coach Buddy Parker

Carpets Keep New Look

With proper care wall to wall carpeting will retain the new look.

Correct cleaning methods have seemingly been a mystery and controversial even to carpet manufacturers. After much research a product is on the market that cleans and fluffs up beat down carpet paths plus removal of spots thereby maintaining the new look. The textile engineer of a large carpet mill says—"it's the best we've found."

The product is Blue Lustre. It is easily applied with a long handle brush. One-half gallon of Blue Lustre concentrate cleans three 9x12 rugs.

Workman Passes Louisville Win

The passing arm of Dan Workman and the alertness of the Louisville offense spelled doom to the Waverly eleven as Louisville emerged victorious, 40-7, here Friday night.

Workman flipped three touchdown passes and two point after touchdown tosses.

Louisville scored: Touchdowns—Jim Yarek 2 (16 run; 33 pass from Workman); Robins 2 (30 pass from Workman); pass from Workman; Doug Alfrey 2 (82 run; 16 run); PAT—Urvin (plunge); Reed (plunge); Mather (pass from Workman); Robins (pass from Workman); Waverly scoring: Touchdown—Jackson (68, run); PAT—Smith (plunge).

Scottsbluff Blasts McCook By 26-13

SCOTTSBLUFF—Jerry Wilks uncorked three scoring passes to lead Scottsbluff to a 26-13 victory over McCook here Friday night in the Big 10 Conference opener for each team.

John Williamson took two of the scoring tosses from Wilks and Kent Green caught another besides turning in a 60-yard punt return for a touchdown.

McCook scored: Touchdowns—Benda 2 (11, 23, passes from Braun); PAT—Morris; Scottsbluff scoring: Touchdowns—Green 2 (65, pass from Wilks; 60, punt return); Williamson 2 (64, 27, passes from Wilks); PAT—Wheeler 2.

Yanks Get Free Wash

MILWAUKEE (AP)—The New York Yankees—and their wives—can have their laundry done free while they're in Milwaukee, a cleaning firm announced Friday in a quarter-page ad in the Milwaukee Journal.

"After all," the ad copy read, "if you're going to be taken to the cleaners anyway, you may as well be taken to the very best in Milwaukee."

Tokyo Invites Olympics

TOKYO (AP)—The Japanese government Friday approved a Tokyo metropolitan government proposal to invite the 1964 Olympic Games to Tokyo.

AL SCHWINDT Says:

For a minor scratch to a complete wreck, you can depend on every repair job done by us. Get our estimate—the low cost will surprise you.

Nation's Top Football Powers Expected To Roll Against Weak Grid Foes Today

By MURRAY ROSE
The Associated Press

College football's titans, led by mighty Oklahoma, should mow down the opposition today.

Unless the flu bug bites hard, the top ten ranking teams appear in for a picnic with the possible exception of Iowa's defending Big Ten Conference champions.

On form and manpower and home field, the Hawkeyes (1-0) figure to have too much of everything for the Washington State Cougars (2-0) from the Pacific Coast Conference. But Iowa's deep squad has been hurt by the flu and that could be the leveler.

The Hawkeyes walloped Utah State 70-14 in their opener. Washington State, however, displayed possibilities in beating Nebraska 34-12 and California 13-7.

Oklahoma (No. 1), Michigan State (2), Minnesota (3), Duke (4), Texas A&M (5), Navy (6), Auburn (7), Oregon State (9) and Michigan (10) all are heavy favorites.

The Sooners (1-0) from Oklahoma, also weakened by flu, had two weeks to prepare for Iowa State (1-0-1) and should roll on to their 42nd straight victory. The perennial Big Eight (formerly Big Seven) Conference kings also are aiming to stretch their conference unbeaten streak under Coach Bud Wilkinson to 60, including two ties.

Michigan State's Spartans, 54-0 victors over Indiana, journey to Berkeley, Calif., for a joust with winless California (0-2). This will be served up to television fans across the nation by NBC after the World Series game at Milwaukee.

Minnesota (1-0), looking like one of the Gopher juggernauts of old in humbling Washington, 46-7, entertains Purdue (0-1) which is tripped by Notre Dame, 12-0. It's the Big Ten conference opener for both.

Duke (2-0), led by high scoring Wray Carlton, has nothing but overconfidence to worry about in its home game with slipping Maryland (0-2).

Texas A&M (2-0), conquerors of Maryland and Texas Tech, should pick up momentum against Missouri (1-0-1) on the Big Eight team's home grounds.

Navy's (2-0) Eastern leaders, loaded with talent and ably piloted by Tom Forrestal, a fine ballhandler and crack passer, should finally give Coach Eddie Erdelatz a victory over Jim Tatum of North Carolina (1-1). Tatum, at Maryland, whipped the Navy three straight times.

Auburn (1-0) surprised by upending Tennessee 7-0 and Chattanooga (1-0-1) hasn't got enough to give the Tigers trouble at home.

Oregon State (2-0) visits Evansville, Ind., for an intersectional joust with Northwestern (0-1). The Big Tennesseers have had three players sidelined with the flu but were rated underdogs even before the disease struck.

Michigan (1-0) is a three-touchdown choice over the fangless Georgia Bulldogs (0-2) at Ann Arbor.

Notre Dame (1-0), conquerors of Purdue, should ease the pressure on Coach Terry Brennan with a win over Indiana (0-1), crushed by Michigan State 54-0 a week ago.

The big game in the East sends Army (1-0) to Penn State (1-0) for a toss-up contest. Army humbled Nebraska 42-0 while State just squeezed by improving Pennsylvania 19-14.

Other tight battles include UCLA at Oregon, (n), Dartmouth at Penn Brown at Yale, Stanford at Rice (n), Texas Christian at Arkansas (n), West Virginia at Wisconsin, Florida at Kentucky (n) and Baylor at Miami, Fla. (n).

Other major games on the Saturday program include:

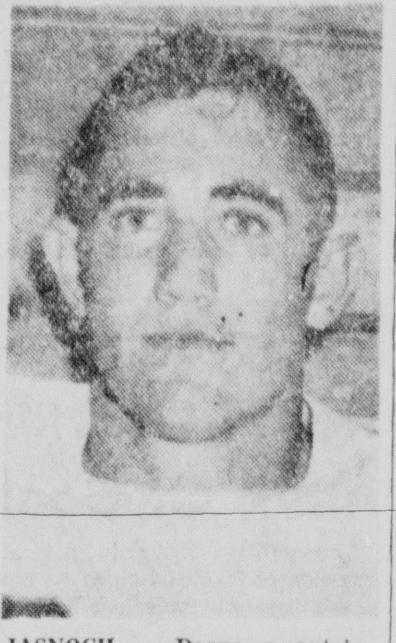

Nebraska Archers Score 47 Kills

Nebraska archers have bagged 47 deer to date, Lloyd Vance, State Game Commission chief of the Game Division, said Friday.

Of the total kills, 43 were killed during September and four so far this month.

Vance said some of the archers are bagging their deer in home territory while others are traveling to western Nebraska for their bags.

The Crawford, Bassett, Long Pine and Ainsworth areas are providing the most kills, he said. So far, nine deer have been downed by bow and arrow at Crawford and five in the Bassett, Long Pine and Ainsworth area.

JASNOCH . . . Doane co-captain.

WAYNE HOST TO WESLEYAN IN NCC BATTLE TONIGHT

Wayne State College will entertain the Plainsmen of Nebraska Wesleyan University in a Nebraska College Conference football game here Saturday night.

It will be the second loop tussle for each club, the Wildcats dropped a 39-0 verdict to power-packed Hastings last week while the Plainsmen were taking a 13-6 win over the Chadron Eagles.

Tonight's game will be the 21st meeting between teams from the two schools in a series dating back to 1921. Wayne has won 11, Wesleyan six, and three games have ended in ties.

The invading Plainsmen will feature a team with a strong forward wall and two smooth-running sets of backfield performers.

Coach Keth Skogman will depend principally on a No. 1 backfield unit composed of Lonnie Johnson, Dick Keller, Gary Hoffman and Jim Carr.

Parents' Day Saturday will be Parents' Day at Kearney and the Nebraska State Antelopes will play host to the Midland College Warriors from Fremont. Kickoff time will be 2 p.m.

This will be the fourth game of the season for both schools. The top offensive and defensive players on the Doane College football team have been named to captain the squad in the homecoming encounter with Hastings Saturday afternoon at Crete. Myron (Bud) Jasnoch, Ogallala, top ground gainer and scorer of the Tiger squad in 1956 and so far this season, will be starting at a halfback spot. Bill Lovecheck, Field Center, an all-conference defensive linebacker in 1952, will open the game at a tackle spot.

Other Games
Other games involving Nebraska colleges today include Peru at Chadron; Tarkio at Concordia; Dana at Westmar; Kansas City JC at Fairbury JC; Scottsbluff JC at Norfolk JC; Waldorf (Ia.) at Luther; McCook JC at Fort Lewis; A&M and Omaha U. at St. Ambrose.

Brock Routs Elk Creek
ELK CREEK—Bob Boellstorf and Billy Bohlen scored three touchdowns each Friday night as Brock smothered Elk Creek here 49-6. The win gave Brock a perfect 4-0 record.

SCOTTSBLUFF JC CLAIMS MOST-TRAVELED HONORS

SCOTTSBLUFF — If the Scottsbluff college football team should not win the Nebraska Junior College championship from a standpoint of scores they can lay claim to the title of the most traveled team in the conference when the season ends.

Coach Phil Bordy's Cougars will travel 5,310 miles in playing six games away from home including appearances in Colorado and Boise, Idaho.

The longest trip for Nebraska's roaming nomads will be to Boise. The round trip will cover 1,750 miles in the last game of the season on Nov. 16.

The team already has traveled

Yanks 'Pfu' Milwaukee

MILWAUKEE (AP) — The New York Yankees met Milwaukee Friday, and vice versa. The situation, developing out of what started as one of the city's famous welcomers, is best described in a good Milwaukee word:

"Pfu. Pronounced phooey."

"This," said an unidentified but muscular representative of the American League champions as he hustled greeters off the Yanks' chartered bus at the railroad station, "is strictly bush league."

A delegation including the Mayor's assistant, Circuit Judge Robert C. Cannon, Dist. Atty. William J. McCauley and others weren't allowed on the bus, and Manager Casey Stengel declined to come out.

"Nah," he said. "We got to get out to the ball park."

But as the bus departed, official greeter Albert Davis shouted through an open window to the visiting team:

"Gentlemen, whether you know it or not, you've been welcomed to Milwaukee."

About 300 Yankee fans waiting at the station were bypassed by the visitors.

Southeast Hosts Norfolk Tonight

Lincoln Southeast will go after its fourth straight football victory tonight in a game with Norfolk at the Lincoln High Oval.

The contest between the Knights, who have compiled a 3-0 record and have been unscored on this season, and Norfolk (2-0-1) promises to be a thriller all the way. The game will be the first home contest of the season for Southeast. Kickoff time is slated for 7:30 p.m.

Cozad Blanks Kearney 27-0

COZAD—Cozad blanked Kearney here Friday night 27-0. Rog Mack ran for the first Cozad touchdown in the first minute of play as Cozad recovered a fumble right after the opening kickoff.

Dean Miller took a 35-yard touchdown pass from quarterback Charles Bacon to start the fourth quarter. Don Ritterbush intercepted a Kearney pass and turned it into a 25-yard touchdown.

Cozad scoring—Touchdowns: Mack (35, run); Brown (40, run); Miller (21, pass from Bacon); Ritterbush (25, interception).

Schuyler Rips Seward
SCHUYLER — Fullback Bob Kasik ran for two touchdowns and rolled up a total of 205 yards on the ground to lead Schuyler to a 19-7 victory over Seward in an important Central 10 Conference game here Friday night.

Seward scoring—Touchdowns: Kasik (6, run); T. run; Larry Troholz (1, pass); PAT—Kasik.

Schuyler Rips Seward
SCHUYLER — Fullback Bob Kasik ran for two touchdowns and rolled up a total of 205 yards on the ground to lead Schuyler to a 19-7 victory over Seward in an important Central 10 Conference game here Friday night.

Seward scoring—Touchdowns: Kasik (6, run); T. run; Larry Troholz (1, pass); PAT—Kasik.

The show will be presented by the Lincoln Saddle Club, sponsored by the Sertoma Club of Lincoln.

Stromsburg Captures 1st '57 Grid Victory

STROMSBURG—Stromsburg won its first game of the season as it pushed to a 20-7 win over Silver Creek. Lee James set up all three Stromsburg touchdowns.

Stromsburg's Reg Eklund scored the first touchdown as he plunged from two yards out. To open the second period Jim Carlson ran right end for 35 yards.

Silver Creek scoring—Touchdowns: Eklund (2, plunge); Carlson (25, run); Keel (1, plunge); PAT—Eklund, James, Silver Creek scoring—Touchdowns: Enzel (3, plunge); PAT—Smith (plunge).

Stromsburg scoring—Touchdowns: Eklund (2, plunge); Carlson (25, run); Keel (1, plunge); PAT—Eklund, James, Silver Creek scoring—Touchdowns: Enzel (3, plunge); PAT—Smith (plunge).

Penny Carnival 1st To Alpha Xi Delta

Alpha Xi Delta's booth, "Alpha Zoo," won first place in the Penny Carnival at the University of Nebraska Student Union Friday night.

Second was Delta Delta Delta with "Pitch A Ball To A Delta Doll," and the Alpha Omicron Pi booth, "Win a Heavily Prize with the AOP's" was third.

An estimated crowd of 1,700 attended the carnival which is sponsored by the Co-ed Counselors to finance scholarships they award each year.

New Minister To Preach Sunday At Second Baptist

The Rev. Robert A. Heydon of Ft. Madison, Ia., will preach his first sermon at Second Baptist Church Sunday morning.

The Rev. Mr. Heydon was named to the pastorate of Second Baptist Church in August, replacing Dr. Clifford Perrin, who left Lincoln to serve as executive secretary of the Minnesota Association of American Baptist Churches and the Twin Cities Baptist Union.

The Rev. Mr. Heydon is married and the father of four children.

Nebraska Florist Meet Starts Today

The Nebraska Florists Society will begin its two-day state convention and school of design at the Cornhusker Hotel Saturday.

Art Danielson, Lincoln, publicity chairman, said that the group will hold its business meeting at 3 p.m. and the first school of design at 7 in the evening.

A second design school will be held Sunday afternoon.

At the business meeting the florists will elect a state director-at-large. Also the identity of three other directors, elected previously will be announced.

Cliff Mann of Denver, Colo., will serve as commentator at both schools of design.

State Hospital Rehabilitation For TB Talked

Rehabilitation activities for 170 tuberculosis patients at the Lincoln State Hospital were discussed by directors of the Lancaster County Tuberculosis Association at a meeting of the Board Friday at the YWCA.

"Tuberculosis patients from all state mental hospitals are now being cared for at Lincoln," President Flavel Wright explained. "Because of their illness the TB patients cannot share the hospital's recreational facilities," he added.

Wright said that the majority of TB patients should be able to engage in activities and should do so for their health's sake, but at present facilities are almost completely lacking on the TB wards.

Mrs. Louise Breckenridge, director of activities at the State Hospital, said that the most urgent needs are a piano, a movie projector, books, records, hymnals, sheet music and sponsored parties and entertainment.

In other action, the Board voted to increase the tuberculosis research grant at the University of Nebraska. They also set the Christmas Seal mail sale quota at \$20,500.

The association pointed out that the seal sale is the sole support of their program, which includes education, chest X-rays and tuberculin skin surveys, as well as rehabilitation and research.

Zhukov Leaves

LONDON (AP)—Moscow Radio said Marshal Georgi Zhukov, the Soviet defense minister, left Sevastopol for Yugoslavia aboard the Russian cruiser Kuibyshev. He is to arrive Tuesday. Zhukov earlier flew to the Crimea, where Communist Party Boss Nikita Khrushchev has been vacationing.

Canada Unveils New Jet Fighter

TORONTO (AP)—Canada's new supersonic delta-wing fighter, the Arrow, was put on view aground Friday. It has not yet flown.

Unveiling the new aircraft at the Avro aircraft plant in suburban Malton, Defense Minister G. Randolph Peakes predicted guided missiles will not replace manned planes for some years.

"I do not feel that missiles and manned aircraft have, as yet, reached the point where they should be considered competitive," he said. "They will, in fact, become complementary."

The Arrow, also known as the CF105, is estimated to be capable of a speed of 1,200 miles an hour.

Stocks Drop; End
Three-Day Climb

NEW YORK (AP)—Stock market prices declined quietly Friday after three days on the upside.

Key issues were down from fractions to 2 points or more.

Turnover was as low as it has been all week and there was no world series ball game to provide an excuse. Sales totaled 1,500,000 shares compared with 1,800,000 on Thursday.

The opening was irregular but the late trading move of the previous day failed to continue and the market soon appeared. This trend deepened unevenly throughout the session, leaving closing prices around their lows of the day.

Airplane was lower as gloom spread the industry over the government's announced policy of limiting monthly payments to contractors as part of the economy drive. This portended the need for new financing.

The "voluntary" program of oil imports was in the news again, tending to depress oil shares.

Another bearish item was the news of the government of 133 million additional pounds of nickel for non-defense industry.

The Associated Press reported that 60 stocks declined 80 cents to \$167.60 and the industrials down \$1.60, the rails down 80 cents and the utilities unchanged.

Of the 113 issues traded, declines outnumbered advances by 57 to 56. There were 82 new highs for the year and 7 new lows.

Among the 15 most active stocks, however, it was almost unanimous on the down side the stock being 14 to 1.

On the American Stock Exchange prices were generally lower. Volume was 460,000 shares, about the same as Thursday.

WHEAT SCORES
WEEK'S HIGH

CHICAGO (AP)—Wheat futures scored their biggest gains of the week Friday, advancing up to 2 1/2 cents a bushel on trade reports of heavy importations of the bread grain under government loan.

Mixed in early dealing, wheat moved higher midway through the session in buying spurred by a private estimate which fixed the amount of 1957 wheat under price support as of Sept. 15 at 95 million bushels.

That figure would indicate that importations increased around 30 million bushels since Aug. 15 when the Department of Agriculture reported about 36 million bushels under loan.

Other Board of Trade futures ended irregular.

New state wheat closed 1/2 to 3/4 higher, corn 1/2 to 1 cent lower, oats 1/2 lower to 1/4 higher, rye 1/2 to 1/4 higher, soybeans unchanged to 1/4 higher, and hard 1/2 to 1 cent a hundred pounds lower.

CHICAGO RANGE OF PRICES
Friday close (AP)—

Wheat: 2.18 1/2, 2.19 1/2, 2.20 1/2, 2.21 1/2, 2.22 1/2, 2.23 1/2, 2.24 1/2, 2.25 1/2, 2.26 1/2, 2.27 1/2, 2.28 1/2, 2.29 1/2, 2.30 1/2, 2.31 1/2, 2.32 1/2, 2.33 1/2, 2.34 1/2, 2.35 1/2, 2.36 1/2, 307th Back From Hush-Hush Mission

They can't say where they have been, or for how long, or whom they were with, but the men of the 307th Air Refueling Squadron at the Lincoln Air Force Base are home.

On hand Friday to greet the men back from an extended tour of temporary duty overseas were families, friends, the Lincoln Li-

Who's He?

One-year-old Randy Lee Massey, looks slightly puzzled by a greeting from his dad, T. Sgt. Lee A. Massey, who returned with the 307th Air Refueling Squadron from an extended tour of

duty overseas. Mrs. Massey and Randy waited with other wives and relatives as the men went through a one and one-half hour processing on their return to the Lincoln Air Force Base. The Masseys live at the base.

Outstanding University High Students Cited

A group of junior high school pupils at University High School have been recognized for outstanding achievement in scholarship and citizenship, Junior High Supervisor Paul Rosewell announced.

The awards, indicative of second semester of the 1956-57 school year, were made at an honors assembly.

Eighth grade scholarship awards: Robert Diekmann, Robert Lamson, Beth Lommason, Linda Miles, Ricky Olson and Trama Schultz. Citizenship awards: Corv Diebert, Mikel Hansen, Robert Lamson, Beth Lommason, Linda Miles, Ricky Olson, and Trama Schultz.

Ninth grade scholarships: Mary Jean Boves, Victor Hemmel, Barbara Kasten, Keith McCreight, Judith Rippe and Karen Limberger. Citizenship: Victor Hemmel, Barbara Kasten, Keith McCreight, Judith Rippe, Mary Schmidt and Karen Limberger.

Tenth grade scholarship winners included Janet Burroughs, William Dick, Jim George, Donna McGuire, Jill Merritt, Don Schaefer, Sandra Sack and Russ Skaar. Citizenship: Ann Peterson, Joyce Rapp, Ruan Skaar and Penny Sommer.

Too Much Jaywalking

NEW YORK (AP) — East side, west side — there's too much jaywalking between the sidewalks of New York, says the city government. Starting Nov. 17, the city will conduct an educational campaign to cut down crossing in the middle of blocks and against lights. Last year, says Traffic Commissioner T. T. Wiley, 72 per cent of the total killed in 441 traffic deaths in the city were pedestrians. In other cities, the percentage ranges from 26 to 60 per cent.

Missing Girl, Two, Found Next Day On Nearby Farm

POTTSTOWN, Pa. (AP) — A lightly-clad two-year-old girl who had been sought by some 500 police and volunteers since she disappeared from her farm home late Thursday was found wet and shivering Friday on a neighbor's farm a mile and a half away.

A high school student found Candida (Candy) Streeter huddling near the fence of a chicken yard. The student was unaware of the tot's disappearance and the intensive search.

The child was taken to a hospital for treatment of exposure. Her condition was listed as fair.

Candy, daughter of John W. Streeter, assistant director of Fels Planetarium in Philadelphia, wandered from her home on the Streeters' 99-acre farm while her two brothers were otherwise occupied and her mother was horseback riding.

She was barefoot and clad only in a light summer frock and light sweater.

HAPPY BIRTHDAY TO THE FOLLOWING MEMBERS WHO OBSERVED THEIR BIRTHDAYS THIS WEEK:

Jimmy Dockery	11
Lynne Gardner	7
Robert Hopkins	8
Ronald L. Johnson	12
Albert Schwindt	13
Diane Wiemers	11
Mary England	9
John Moser	13
Kathryn Roberts	13
Tommy King	13
Karen Billesback	9
Marcia Drew	8
Jack Kreksbach	10
Bob Schmieding	6
Joyce Diane Froeseher	13
Caroline Hopp	13
Gary W. Spier	9
Beverly Weidmeyer	11
Dennis Byrd	7
Diana Lyn Deshotels	9
Michael Wylie	12
Ray Elkin	12
Verna Lea Kinner	8
Michael Paul Honke	9
Jack Schrader	11
Steve Farmer	6
Jan Hinman	9
Patricia Johnson	12
Sylvia Yong	11
Byrl Albert Shear, Jr.	6
Mary Beth Elm	11
Janet Mills	11
Max Beheler	9
Max Beheler	9
Bill Strateman	9
Dennis Schell	11
Karen Blum	10
James Dunlap	8
Jane Leavitt	7
Arlene Ettnud	12
Marcella Griffin	12
Beverly Rowland	12
Barbara Weidmeyer	9
Eddie Alston	10
Allen Cameron	10
Dean Stihel	9
Thomas M. Donohue	6
Larry Gochmour	6
Charles Hough	12
Jeanne Schmidt	11
Nancy Arnold	8

The above members have been invited to attend GOLD'S weekly Birthday Party at 2 p.m. Saturday, October 5 (meet on the 5th floor). After the party they will be guests at the Stuart Theatre.

Dancing Problem

KARACHI (AP) — Karachi University students have come to blows with fists and sticks on their own East-West conflict. The unresolved question: Should Pakistan Moslem co-eds perform a non-Islamic dance in the presence of men at a college variety show.

Repairs Asked On Salt Creek Channel Bank

The Sanitary District was asked Friday by a delegation of a half-dozen landowners between Ashland and Greenwood to make repairs to the banks of the new Salt Creek channel.

A number of sizeable breaks in the bank were reported by the property owners.

Atty. Joe Ginsburg, speaking for the delegation, said the bank deterioration is not a monumental problem at the moment but spring flooding could result in sizeable claims against the district.

Repair Break

"All we're asking," Ginsburg said, "is that the larger breaks be repaired."

District officials indicated that this wet year has resulted in greater deterioration on the channel's waste banks than in the past four or five drier years.

Board Chairman H. J. Amen said the district engineer would survey the channel banks for the work needed to be done.

However, board members also indicated the district might need additional easements in the future to obtain more dirt and make more permanent repairs.

Board discussion indicated immediate repairs would be undertaken while more permanent improvements were being studied.

District Engineer Ralph Marlette said preliminary work on Dead Man's Run is nearing completion and widening and deepening work on the channel proper from Adams upstream to Bethany Park would begin in the next ten days.

The channel is being deepened to 10 feet, with widths of 20 feet on the bed and 50 feet at the banks, the engineer said.

All board members were present: Amen, Stoner, Knight, Harding and Vandemoer.
